## IMPLEMENTATION OF SUSTAINABILITY

Ta Ann Holdings Berhad is a Malaysian resource based company established in the mid 1980's. The Company's principal activities are centered around sustainable harnessing of timber resources and value adding downstream activities such as the manufacturing of veneer, plywood, coated plywood, eco plywood, laminated veneer lumber, and other plywood products, sawn timber, laminated moulding products, as well as furniture.

Since 2000, the group has diversified progressively into oil palm industry, having 13 oil palm estates and 3 crude palm oil mills in Sarawak.

In tandem with the goal to pursue its corporate objectives in harmony with the environment and commitment to sustainability, the Group undertakes to maintain certification of its oil palm entities and forests through MSPO and PEFC-MTCS respectively.

BIN TUN DATUK ABANG HAJI OPENG**  
Premier of Sarawak

I would like to congratulate members of the Sarawak Chamber of Commerce & Industry (SCCI) as host of the Sarawak Entrepreneur of the Year Awards (EOYS) 2023 Awards Dinner. Since 2004, the annual Awards program has recognized the achievement of many distinguished Sarawakian entrepreneurs who have made tremendous contributions to the State's industrialization and economic growth.

The State Government maintains a positive outlook on the economy banking on our commitment in exploring new engines of growth to drive the economy beyond the conventional. For this reason, the state's digital economic policy was boldly formulated in 2017 to create an ecosystem conducive to digitization and building our capability to leap-frog towards 4IR.

The pandemic has prompted us to realign our direction forward and the Sarawak Economic Action Council (SEAC) was formed in May 2020 that was primarily tasked with formulating the Sarawak Post COVID-19 Development Strategy 2030 (PCDS 2030) to provide the direction and strategies for Sarawak to stay on track to become a developed State by 2030.

The PCDS 2030 is based on the three main principles of economic prosperity, social inclusivity and environmental sustainability supported by numerous enablers such as digitalisation, infrastructure development, data and innovation and talent development.

I sincerely hope that our community of entrepreneurs as the leading advocate of businesses and enterprises will continue with their pivotal role to contribute effectively to the State's digitization and its transitions into the post- COVID-19 environment. I particularly would like to call on SCCI to lead in promoting the importance of data and innovation as well as capacity building to bolster the private sector's competitiveness, especially in new and emerging industries.

In conclusion, let me congratulate the recipients of the 2023 Sarawak Entrepreneur of the Year Awards and may the achievements of these outstanding individuals bring inspiration to the new generations of Sarawakian entrepreneurs to venture beyond conventional business models and markets.

Thank you.

**DATUK PATINGGI TAN SRI (DR) ABANG HAJI ABDUL RAHMAN ZOHARI  
BIN TUN DATUK ABANG HAJI OPENG**

# Message from

**YB DATUK AMAR**

**HAJI AWANG TENGAH BIN ALI HASAN**

Deputy Premier of Sarawak

Second Minister for Natural Resources and Urban Development

Minister of International Trade, Industry and Investment

Heartiest congratulations to the Sarawak Chamber of Commerce & Industry (SCCI) on the successful organization of Sarawak Entrepreneur of the Year Awards (EOYS) 2023. I am pleased to note that SCCI continues to be at the forefront in representing the business community of Sarawak and a valued partner of the Ministry of International Trade, Industry and Investment Sarawak.

Indeed, the Ministry and SCCI, alongside Ernst & Young PLT, have successfully collaborated in showcasing outstanding individuals from the business community, through the annual Sarawak Entrepreneur of the Year Awards, since 2004. This annual award programme is to encourage entrepreneurs to achieve excellence in various fields such as innovative strategies, quality products and services, sustainable and socially responsible business practices.

I would like to praise the resilience of our SMEs in adapting to the difficult environment such as going

digital and embracing the gig economy, especially during the early days of the Covid-19 pandemic where there were movement restrictions for the business community to exercise their normal business activities. I earnestly hope that the achievements of the award recipients will inspire other entrepreneurs in Sarawak to excel.

Despite the pandemic, Sarawak continues to receive investment proposals from other countries such as China, South Korea and Australia in sectors such as large-scale hydrogen production, advanced metal and material production. The State Government has created a conducive environment for business to grow and expand including political stability, efficient government services and non-tax incentives such as competitively priced power, water and industrial land.

Last but not least, I would like to wish SCCI many more successes and extend my best wishes to the recipients of the Sarawak Entrepreneur of the Year Awards 2023.

# Message from

**DATO SRI ABANG HAJI ABDUL KARIM  
BIN TUN DATUK ABANG HAJI OPENG**  
President, Sarawak Chamber of Commerce & Industry

A warm welcome to the Sarawak Entrepreneur of the Year Awards Presentation 2023 cum SCCI Chinese New Year Banquet Dinner 2024!

This auspicious gathering marks a momentous occasion, blending the celebration of entrepreneurial excellence with the festive spirit of Chinese New Year. As we come together to recognize outstanding entrepreneurs from Sarawak, we also embrace the cultural richness of the Chinese New Year, symbolizing new beginnings, prosperity, and unity.

SCCI, in collaboration with our esteemed partners and supporters, continues to champion the interests of our members and the broader business community. We maintain our active involvement in key policy and advocacy platforms, contributing to the shaping of a conducive environment for sustainable growth.

As we gather to honour the accomplishments of Sarawak-born entrepreneurs through the Sarawak

Entrepreneur of the Year Awards, we express our sincere gratitude to the State Government for their unwavering support. Special appreciation goes to the Ministry of International Trade, Industry and Investment Sarawak, as well as our co-organizer, EY, for their continuous dedication to the success of these awards.

I extend my congratulations to the Organizing Committee for this year's event for your commitment and hard work are truly commendable.

To all our distinguished guests, thank you for contributing to the vibrancy of this occasion. May the Sarawak Entrepreneur of the Year Awards Presentation 2023 cum SCCI Chinese New Year Banquet Dinner 2024 be a night filled with inspiration, camaraderie, and the promise of a prosperous year ahead.

Gong Xi Fa Cai and let the celebrations begin!

## **MS ANGIE KUEH**

Organising Chairlady

On behalf of the Sarawak Chamber of Commerce & Industry (SCCI), it is my pleasure to extend a warm welcome to our distinguished guests, friends, and families who have gathered to partake in the Sarawak State Entrepreneur of the Year Awards Presentation cum SCCI Chinese New Year Banquet Dinner.

This year's event holds a significance as we come together to recognize and honor outstanding entrepreneurs who have demonstrated exemplary leadership and innovation in their respective fields. Tonight, we not only celebrate their achievements but also embrace the spirit of the Chinese New Year, ushering in prosperity, good fortune, and collective success.

As we revel in the festivities, let us acknowledge the dedication and contributions of our entrepreneurs who embody the entrepreneurial spirit essential for the growth of Sarawak's industries. The awards presentation is an opportunity to applaud their commitment to excellence and their pivotal role in shaping a vibrant business landscape.

I extend my heartfelt appreciation to our sponsors for their generous support, making this event and

the Sarawak State Entrepreneur of the Year Awards possible. Your trust in SCCI enables us to continue recognizing and celebrating visionaries who challenge norms and drive positive change.

A special gratitude goes to the SCCI Secretariat for their hard work in organizing this grand celebration. The unity and support displayed by committee members reflect our shared commitment to the prosperity of Sarawak.

Being entrusted with the role of Organizing Chairlady for this significant occasion is a true honor. Nevertheless, I acknowledge that there is always room for improvement. I sincerely apologize for any shortcomings and appreciate your understanding.

To all present, I extend my warmest thanks for joining us in this joyous occasion. May this evening be filled with camaraderie, success stories, and the promise of a prosperous year ahead.

Thank you.

# Sarawak Chamber Of Commerce & Industry

# Message from

**TAN SRI DATO' KOON POH KEONG**

Vice President / Chairman  
Sarawak Chamber of Commerce & Industry  
Bintulu Region

Award ceremonies such as the Sarawak State Entrepreneur of the Year Awards 2023 are not only an opportunity to reflect on what was but also to anticipate what will be. This award ceremony recognises the abundance of creative talent that we have in Sarawak and celebrates the achievements of those visionary entrepreneurs who have established businesses in the state and gone on to ensure they are outstanding successes.

Entrepreneurs set themselves apart in business as they are the pioneers who are prepared to go where few others have been or even dare to go. They take on financial risks based on the best available information and resources at the time. Entrepreneurs accept the challenges that they regularly face; this is often the motivation that makes them successful. The price of success is dedication to the task at hand, hard work, and the determination that they have applied the best of themselves to the job at hand regardless of the eventual outcome.

Sarawak, Malaysia's largest state, offers a thriving environment for entrepreneurial success. With abundant resources, a skilled workforce, robust infrastructure, and effective governance, the state provides a fertile ground for business opportunities. SCCI provides a valuable forum for those conducting business in the state while partnering with state and federal government ministries to develop Sarawak.

Press Metal is very proud of its association with the state and the opportunity to work with all those concerned in developing it into a high-income economy. We welcome the opportunity to continue working with the government to facilitate trade and to make Sarawak a hub for investment while operating within the regulatory framework.

I wish all entrepreneurs and budding entrepreneurs' success in all that they set out to achieve.

**TAN SRI DATO' KOON POH KEONG**

# Message from

## **PEMANCA DATUK JASON TAI HEE**

Vice President / Chairman  
Sarawak Chamber of Commerce & Industry  
Sibu Region

Dear friends and esteemed members of SCCI,

In the vibrant tapestry of Sarawak's development, we find ourselves at a pivotal juncture, navigating a journey that holds the promise of a bright future.

Since 2017, our Sarawak has been on a transformative trajectory, guided by the compass of visionary leadership and propelled by the unwavering commitment and hard work to becoming a developed state by 2030.

The narrative of our expedition is one marked by inclusivity, innovation, sustainability, and political stability. As we witness the unfolding chapters of infrastructure connectivity and the development of strategic industries, we must recognize that the true heartbeat of our ambition lies in human capital development.

Sarawak's march towards economic prosperity hinges on a skilled workforce, not confined to the realms of the private or civil sectors but resonating across every corner of our society. Possessing these skills, coupled with a robust policy framework to nurture and retain talent, is the very cornerstone upon which we shall build our success.

As the catalyst for business excellence, SCCI acknowledges the pivotal role we must play in this journey. Collaboration with the private and civil sectors is not just a choice but a necessity. Together,

we envision a harmonious ecosystem where the development of skills and talents seamlessly aligns with the broader goal of comprehensive growth.

In the private sector, where innovation and adaptability propel success, SCCI is committed to fostering an environment that not only encourages these qualities but actively inspires investments in the continuous development of our workforce.

Simultaneously, the civil sector, the custodian of our societal fabric, plays a pivotal role. Collaborating with the civil sector, SCCI seeks to bridge the gap between aspirations and reality, ensuring that the benefits of progress are not exclusive but shared by all.

The realization of Sarawak's 2030 vision demands a united front, where private and civil sectors work in tandem, leveraging their strengths to overcome challenges and capitalize on opportunities. The road ahead is challenging, but with collaboration and dedication, we can transform these challenges into stepping stones towards a high household income Sarawak.

Let us join hands in this transformative narrative, contributing our expertise, passion, and commitment to shape a future that we, as Anak Sarawak, can all be proud of.

United in purpose.

**PEMANCA DATUK JASON TAI HEE**

# Message from

## **DATO ANDY CF CHI**

Vice President / Chairman  
Sarawak Chamber of Commerce & Industry  
Miri Region

Heartiest congratulations to Dato Sri President, Committee Members and all members of Sarawak Chamber of Commerce and Industries as we celebrate this grand Awards Presentation and Chinese Year Banquet.

Internationally, as the world recovers from the impacts of covid 19 pandemic, 2023 was a challenging year due mainly to geo-politics between the two world biggest economy. There are signs that this is going to improve as we welcome 2024 as there seems to be more meetings between the leaders of USA & Europe with China. I think the world is expecting and looks forward to a better year for businesses in 2024.

At the local level, Sarawak, under the visionary Premier, YAB Datuk Patinggi Tan Sri Abang Haji Abdul Rahman Zohari Bin Tun Datuk Abang Haji Openg, has brought positive stable political climate and tremendous economic development plans that are conducive for business and in harmony with people and environment. The emphasis on good and free education in Sarawak for Sarawakians will help develop a useful pool of talents in the future. I am confident that the businesses in Sarawak will benefit greatly from these.

Miri has benefitted from the opening of international borders after the pandemic. Visitors from our neighbouring countries, notably Brunei, have helped

revived and boosted business in Miri especially for the SMEs. The recent announcement of Kuala Baram river mouth deepening project has created excitement amongst the businesses which rely on a good water transport access along the Baram River. This will be positive for shipbuilders, traders, and most businesses in greater Miri. The launching of on shore drilling at Block SK433 in the Miri-Marudi area in October 2023 after an absence of some 50 years breaths a fresh air of optimism for the related industries.

A key economic catalyst in Miri this year will be the opening of the Shell Office. The influx of many high income earners from Shell and the supporting O & G companies will boost housing needs and purchasing power. It is expected that this will be very positive for the Miri economy generally.

Both USA & EU have recently halted interest rate hike. This is a much needed relief for global businesses and consumers alike. Hopefully this will act as a fresh impetus to growth everywhere, which will eventually boost businesses in Sarawak.

Given the scenario mentioned, I am confident that Sarawak and Miri City will progress positively for many years to come as we have a good stable Sarawak government and leadership.

I wish everyone a happy and prosperous 2024!

**DATO ANDY CF CHIA**

## About SCCI

# The Sarawak Chamber of Commerce & Industry

Sarawak Chamber of Commerce & Industry (SCCI) was first established in 1951 with the objective of promoting commerce and industry amongst the diverse businesses in the State.

This premier Chamber has grown over the years, with Regional Branches in Sibul, Bintulu and Miri to better serve and connect with members throughout Sarawak.

Bridging between Sarawak's private and public sectors, SCCI's role as the focal point of discussion and collaboration is recognized by the government through its representations at various government agencies. In this, SCCI seeks to engage for greater advocacy and consultation on behalf of its members and the business community in the State.

Through trade missions and the wider Malaysian International Chamber of Commerce and Industry (MICCI),

including the BIMP-EAGA Business Council, SCCI is able to create a bigger network of business opportunities for SMEs and member companies.

A founding and active member of Sarawak Business Federation (SBF), SCCI is affiliated to other business associations and councils nationally and internationally.

SCCI is also committed to promote closer integration and harmonisation of markets in this region and the chamber continues to foster greater understanding with our immediate neighbours to further enhance bilateral economic cooperation for growth and mutual benefit.

We thus invite businesses and companies to tap into the database and benefits of the Sarawak Chamber of Commerce & Industry.

***“United We Prosper”***

# Benefits of SCCI Membership

The Sarawak Chamber of Commerce & Industry

SCCI is the focal point for discussion and collaboration between government agencies, business organizations, and similar bodies. Members get to enjoy the following benefits :

## ACCESS

Access to government and business leaders, who see the SCCI as the first Chamber of Commerce representing the business community in the State.

## NETWORK OF BUSINESS AND INDUSTRY COMMUNITIES

SCCI, as part of the wider Malaysian International Chamber of Commerce and Industry (MICCI), ASEAN Economic Community (AEC) and the BIMP-EAGA Business Council, creates a large network of business opportunities for SMEs and larger companies.

## LISTING OF MEMBERS

The SCCI maintains a Directory of members and published it on the SCCI Website. Being part of a Chamber of Commerce establishes credibility especially among the regional and international business community.

## DISSEMINATION OF INFORMATION

The SCCI regularly receives information on trainings, seminars, events, and business opportunities that are disseminated to its members.

## REPRESENTATIONS

The SCCI is represented in a number of government agencies such as the Employees Provident Fund (EPF), the Malaysia Productivity Corporation (MPC), Sarawak Convention Bureau (SCB), Malaysian Employers Federation (MEF), Malaysian Chamber of Commerce and Industry (MICCI), Special Task Force to Facilitate Business (SAMUDAH), Sarawak Digital Economy Corporation (SDEC), National Legislative Advisory Council (NLAC), Sarawak Biodiversity Corporation (SBC) and National Skills Development Council (MoHR).

These representatives enable members' views to be articulated with a view to improve the public and private delivery system.

# Press Metal: Growth Based on Sustainable and Ethical Principles

Press Metal Bintulu Sdn Bhd (PMBtu) and Press Metal Sarawak Sdn Bhd (PMS) are subsidiaries of Press Metal Aluminium Holdings Berhad. PMS became Malaysia's first aluminium smelter when it was established in 2009, while PMBtu was established in 2011 as its second aluminium smelter. PMBtu was one of the pioneering companies to participate in the Sarawak Corridor of Renewable Energy (SCORE) at Samalaju Industrial Park. The current smelting capacity for both plants is 1.08 million tonnes per annum, making it Southeast Asia's largest aluminium producer. Press Metal produces a range of premium products, such as primary pure ingots, primary foundry alloy ingots, aluminium billets, and aluminium wire rods.

The company strives for excellence in all that it does, from its upstream to downstream products. This means investing in state-of-the-art systems and processes while motivating all employees to benchmark their work against the highest global standards. The company has adopted environmentally friendly technologies to achieve these goals.

### 3GOs Commitment

Press Metal's entire operations are guided by the three goals of GO Safe, GO Green, and GO Clean. GO Safe is directed at ensuring a zero-harm workplace through the shared responsibility of all staff. GO Green is a dedicated effort to reduce the company's impacts on the environment by incorporating the four R's - Reduce, Reuse, Recycle, and Recover - in all aspects of the company's operations. GO Clean is directed at utilising clean technologies to advance the company's operations while adhering to stringent global protocols to reduce its environmental impacts.

Press Metal is a member of the Aluminium Stewardship Initiative (ASI), a non-profit organisation that promotes the contribution that sustainable aluminium makes to society. The company has conducted a gap analysis and benchmarking exercise with global leaders in the aluminium industry to identify areas for improvement. As such, Press Metal

has established new sustainability targets aimed at reducing greenhouse emissions and maintaining eco-friendly communities. The company is committed to reducing carbon emissions in order to be carbon neutral by 2050.

These three goals encompass a global outlook, business acumen, quality excellence, focused teamwork, and social responsibility. Since its inception, the company has been committed to bringing about sustainable and positive changes in the communities in Sarawak where it operates. GO Safe, GO Green, and GO Clean guide Press Metal in safeguarding its staff, its stakeholders, and the environment.

### Commitment to Education

Press Metal is dedicated to shaping a brighter future through education, viewing it as a continual investment in society. Believing education to be the most potent catalyst for positive change, the company emphasises that learning is a powerful tool for individuals to impact the world positively.

Beyond the office, Press Metal extended its commitment to education by actively engaging with schools like SMK Kidurong Bintulu, SK Bedangan Mukah, Politeknik Mukah, and others. The company also provided smart televisions and boards to SMK Bintulu, SMK Bandar Bintulu, SMK Baru Bintulu, SMK Kemena, and Pejabat Pendidikan Daerah Bintulu to enhance their STEM Project activities and classroom digitalisation.

World Sustainability Leadership Award 2023

### GREEN TRANSITION

The EDGE ESG Award 2023 - Green Transition

Press Metal Bintulu Sdn Bhd rewards 60 SPM and STPM 2022 high-achievers

Site visit and communication at SK Kuala Nyulau 2023

*Our vision is to make a valued contribution to the Malaysian and Sarawak economies while ensuring everyone associated with the company enjoys a high standard of living.*

The company participates in career fairs organised by PERKESO and RECODA in order to engage with emerging talent from these institutions. Demonstrating a lasting commitment to education, Press Metal has also established enduring partnerships with educational institutions such as Swinburne, UTS, Politeknik Mukah, UNIMAS, and Curtin. These collaborations make a meaningful contribution to Sarawak's educational landscape.

*MOU Signing with UTS 2023*

*UNIMAS Trace Career Fair 2023*

Press Metal recognises the importance of passing knowledge on to others as a fundamental aspect of intellectual and character development. Leading by example, Press Metal strives to develop the next generation by nurturing talent within the communities where Press Metal operates. Press Metal firmly believes that education is the passport to the future, and by preparing today, we secure a promising tomorrow.

**Investing in Community Health**

With over 5,000 employees, Press Metal is one of the largest employers in Sarawak. The company's extended community, including the families of these workers, is extensive, and with that come many responsibilities. A healthy and educated workforce is essential for the success of the company, and this means giving back to and supporting those in the communities in which the company operates.

Press Metal has contributed to the digital transformation of healthcare in Bintulu through the donation of information and communications technology (ICT) equipment to Jabatan Kesihatan Bintulu. Valued at RM200,000, this equipment ensures the best medical practices for better health management procedures while reducing service costs. Press Metal has also provided RM1 million to purchase portable x-ray machines in addition to other health-related projects, such as supplying essential medical equipment to needy communities.

*Sponsorship of two portable x-ray machines to Bintulu Divisional Health Office*

*Contribution of ICT equipment to Pejabat Kesihatan Bintulu 2023*

*Site inspection to Pejabat Kesihatan Bintulu 2023*

**Supporting Sports and Culture**

Press Metal believes that health is wealth and that a healthy and active workforce is good for all. Healthy bodies and minds not only help advance society but also lead to success in the workplace. Sport is an important component of good health, and Press Metal has been proud to support various sports, sporting events, and activities.

*Last Match KCFC vs PDRM at Stadium Negeri Sarawak on 3rd Dec 2023*

*Official Launching of Press Metal Badminton Hall*

Football is an intrinsic part of Malaysian culture, and the company has financially supported the development of the sport in Sarawak. The impacts of the 'beautiful game' extend beyond the football pitch as they influence economies and shape lives away from the game. This generates a multiplier effect among the broader community. Participating

in sports such as football has a profound impact on society, as it not only assists in building a healthy society but also offers a sense of belonging and community spirit. Press Metal has provided sponsorship of RM1 million to the Kuching City Football Club.

Press Metal also works with other sporting associations, such as the Sarawak Badminton Association, to develop the sport in the state. This includes the sponsorship of RM5 million to construct a new wing of the Sarawak Badminton Association Hall and staging the Abang Jo Junior Badminton Cup to encourage talented players in the state.

The company supports the community through arts and cultural programmes such as the National Kids Talent Search (NKTS) Youth Artistic Cultural Tour. NKTS and Press Metal have been steadfast in their commitment to nurturing young talent through their responsible art education programmes.

**Social Responsibility**

The company is actively engaged in Corporate Social Responsibility (CSR) initiatives and Community Development Projects (CDP) that address the socio-economic needs of the local community, with a focus on strategic areas such as education, health, sports, and culture. These ongoing programmes, including educational support, donations, and sponsorships, aim to create positive, long-term benefits for the community.

Press Metal remains dedicated to social responsibility and sustainability in all its operations, aspiring to achieve global prominence through organic and responsible growth while making a valuable contribution to society.

# Sarawak Entrepreneur of the Year Awards 2023

(18 years of Celebrating entrepreneurial excellence)

## **Introduction:**

Organized by the Ministry of International Trade, Industry and Investment, Sarawak in association with SCCI and EY, it was first launched in 2004 and is a prestigious Awards Program held annually to honour and acknowledge exceptional entrepreneurial talent and leadership. Up to 2022, over 70 entrepreneurs from all over Sarawak have been given this recognition.

## **The EOYS aims to:**

1. Recognize the success of up and coming entrepreneurs, who through their ingenuity, ideas, resourcefulness, commitment and hard work, have built their businesses which contributed to the growth of our State's economy;
2. Recognize the best in business in Sarawak, i.e. the prime movers that drive the State's path towards economic growth;
3. Encourage the growth of small and medium scale industries in Sarawak.

## Emphasis is on the individual's attributes over the Company's and in general covers amongst others:

- Demonstration of outstanding leadership;
- Company milestones with consideration of industry obstacles and each entrepreneur's ability to overcome adversity;
- Corporate culture, values and incentives;
- Financial performance and growth record;
- CSR, reputation and contribution to the community that demonstrate the characteristics of a good model corporate citizen;
- Resilience in adapting to the business disruptions; and
- Embracing technology to enhance efficiency and transformation in the business

## The categories are:

Emerging Entrepreneur : business is between 2 to 5 years old or entrepreneur is aged 35 or under at the time of close of nomination

Master Entrepreneur : maintained management excellence over a sustained period, business founded more than 5 years ago

Excellent Entrepreneur : running a successful business in Malaysia or overseas

For the recipients of this award, EOYS is an opportunity to network with business peers as well as have access to valuable media coverage, raising personal and company profile. More importantly, be recognized for the success. In particular, the organisers are also proud to present the EOYS videos under the Sarawak Chamber of Industry Youtube channel where compilation of past recipients' videos from Year 2015 onwards can be viewed.

In the past, the EOYS Adjudicating Committee have nominated recipients of the EOYS Awards to represent Sarawak state at the EY Entrepreneur of the Year ("EOY") Malaysia Awards, a global business awards programme that recognizes and showcases the extraordinary achievements of Malaysian entrepreneurs. It also provides a platform for inspiring entrepreneurs, innovative thinkers and game-changers to come together, share and engage while building their network.

### Sarawak Outstanding Entrepreneurship Award 2023

Also organized by Ministry of International Trade, Industry and Investment, Sarawak in association with SCCI and EY, the Sarawak Outstanding Entrepreneurship Award aims to recognize and celebrate past recipients of the annual EOYS award whose entrepreneurial spirits and achievements have continued to grow, inspire and make a difference to the community.

In 2023, we shall be honouring several recipients, under the Emerging Entrepreneur, Master Entrepreneur and Outstanding Entrepreneurship categories.

#### Emerging Entrepreneur :

1. Mr Lin Kok Kiat (representing Dayak Chamber of Commerce and Industry)

#### Master Entrepreneur :

2. Datuk Lau Nai Hoh (representing Sarawak Chamber of Commerce & Industry)
3. Mr Fam Khing Foh (representing Kuching Chinese General Chamber of Commerce & Industry)
4. Ms Dayang Azizah binti Haji Abang Zaidan (representing Dewan Usahawan Bumiputera Sarawak)
5. Mr William Liang Tak Chiang
6. Ms Ch'ng Bee Lian

#### Outstanding Entrepreneurship Award 2023 :

7. Dato Yong Piaw Soon

## MR LIN KOK KIAT

Emerging Entrepreneur  
Amalgamated Plant Engineering Sdn Bhd  
Representing Dayak Chamber of Commerce & Industry

---

### THE RECIPIENT

Born in Bintulu in 1993, Mr. Lin is a dedicated individual, melding expertise in engineering and business. He holds a Master's in Mechanical Engineering from the University of Birmingham and driven by his passion for leadership and management, is currently pursuing a Master in Business Administration (MBA) from the prestigious University of Manchester.

His career with the company started in the tendering department as an engineer, and within a mere three years, he demonstrated his exceptional skills by securing a 10-year contract from Petronas, leading a small team of three. This achievement marked a significant milestone for the company. He was later promoted to the role of Project Director in 2020 amidst the challenging COVID-19 time. Today, as Managing Director and CEO, he shoulders the responsibility of steering the company's future direction.

### THE COMPANY

Founded in 1994, and with nearly three decades in the oil & gas industry, Amalgamated Plant Engineering Sdn Bhd (AMAL) has established itself as one of the leading bumiputra operated Sarawakian owned companies in East Malaysia. AMAL has a wealth of experience and proven track record in mechanical maintenance services ranging from plant shutdowns, maintenance, boilers installation, repairs & rejuvenation, among others.

AMAL has the capability and a proven track record in completing projects timely and within the expected standards and specifications and safety protocols. AMAL is also a certified DOSH contractor committed to quality and health, safety & environment (HSE) in all our services. The company is ISO 9001, ISO 14001 and ISO 45001 certified.

### INNOVATIVE APPROACHES

Under Mr. Lin's leadership, AMAL has integrated technological adaptation as a forefront for the company's technological transformation. The company has reinvested back significantly in terms of technology and physical assets such as machineries and equipment. This proactive approach not only enhances safety and efficiency but also significantly improve the working satisfaction for its employees, setting new standards in the local oil and gas sector.

### GROWTH STRATEGIES

Strategically, Mr. Lin is steering the company beyond its core competencies, aiming to establish a diversified portfolio of services to become a one-stop solutions provider. This includes building on further, complimenting AMAL's core services and expanding into other energy sectors. The roadmap also outlines a geographic expansion strategy, initially focusing on broader reach within Malaysia, followed by international markets. This strategic diversification is crucial as the company builds up not only AMAL but also together with its stakeholders.

## THE MANAGEMENT

The management team, led by Mr. Lin, comprises industry veterans and young change-makers. Their collective expertise spans across crucial areas in the oil and gas industry, ensuring that the company not only meets industry standards but provides solutions to its clients in developing the energy infrastructure in Malaysia. This team's strategic foresight has been instrumental in navigating the company through almost 30 years of industrial advancements.

## THE PEOPLE AND CULTURE

The company culture, championed by Mr. Lin, promotes integrity, collaboration and continuous learning as AMAL's core values. Employees are encouraged to innovate and take initiative, fostering a dynamic work environment. This culture has been pivotal in not only maintaining the integrity of the company's operations and its stakeholders' trust, but also attracting top talent and maintaining a high level of employee engagement and satisfaction, underscoring the low employee turnover rate in AMAL.

## ECONOMIC IMPACT

The economic impact of the company's operations under Mr. Lin's guidance is significant. The company contributes substantially to the local economy through job creation, skill development and engaging local suppliers, for about 90% of AMAL's workforce are Sarawakians. The company's projects also bolster the national energy sector, playing a key role in sustaining Malaysia's energy infrastructure, such as maintaining Malaysia LNG, Shell MDS, ASEAN Bintulu Fertilizer plants and the Sabah Sarawak Gas Pipeline (SSGP).

## SOCIAL RESPONSIBILITIES

Social responsibility is a cornerstone of the company's business philosophy. The company is committed to environmental stewardship, investing in sustainable practices and technologies. AMAL has not only provided local villages and schools with aid but also hiring about 180 Sarawakians, which is equivalent to 90% of AMAL's workforce, reflecting its dedication to giving back to the community that supports AMAL.

## RESILIENCE

Under Mr. Lin's leadership, AMAL has successfully navigated through industry downturns, regulatory changes and operational challenges. Mr. Lin stressed upon the company's sustainability for years to come, which is underscored by AMAL's strategic reserve and risk management protocols that have enabled the company to maintain stability and growth even during turbulent times.

## TRANSFORMATION THROUGH TECHNOLOGY

Embracing technology has been a transformative step for AMAL. Under Mr. Lin's vision, AMAL has integrated productivity and cloud-based software for operational and human resource management. This digital transformation has not only streamlined AMAL's operations and processes but also provides valuable insights, enhancing decision-making and efficiency in the field of operations and human resource.

For these approaches in transforming AMAL, the company was awarded Gold for the Premier of Sarawak Industry Excellence Award (PSIEA) 2023 by the Sarawak Business Federation (SBF).

---

## MR WILLIAM LIANG TAK CHIANG

Master Entrepreneur  
Hexagon Highs Transport Sdn Bhd

---

### THE NOMINEE

Hakka-born Mr William Liang Tak Chiang was raised in Sarikei, a riverside town on the Rejang. He attained lower secondary education in Sarikei and gained his BSc. in pharmacy and pharmaceutical sciences in Canada. He has been a Malaysian pharmacist since 1992. He still operates two pharma businesses after retiring from retail pharmacy. Mr William incorporated Hexagon Highs in 2005 and turned it into a One-stop Logistics service provider in 2015. Mr William has a long list of achievements in various fields. He published a research paper as its main author in 1992 titled “Stereospecific high-performance liquid chromatographic assay of pirprofen enantiomers in rat plasma and urine,” demonstrating his experience in pharmaceutical research. In 1993, another pharmaceutical study titled “Influence of the route of administration on the pharmacokinetics of pirprofen enantiomers in the rat” was published. He has also received numerous awards throughout his career, including the Suncor Energy Award in 1986, the Alberta Heritage Foundation for Medical Research Award from 1987-1990, Pfizer Research Award in 1990, and, most recently, recognition for his work on the “Characterization and Conversion of Sludge Palm Oil (SPO) into Biodiesel” in 2022.

### THE COMPANY

Hexagon Highs began as a tiny trucking firm 16 years ago, first serving its sister trading businesses. Mr. William only became fully involved in 2015. Since assuming control, he has successfully transformed Hexagon from a tiny trucking company into a cross-border logistics powerhouse in EMB by 2016. The company was granted the status of IILS-2 by MIDA in 2018. As the global supply chain shifted to Asia, Hexagon initiated vertical integration by establishing its own customs brokerage, air, sea, and land forwarding, warehousing and delivery services, break-bulk and consolidated cargo services, and last-mile delivery divisions one after another. Despite the challenges posed by COVID-19, Hexagon’s business revenue has consistently increased yearly. Simultaneously, the workforce, the most valuable asset, has expanded extensively. Hexagon is expected to double its revenue in the next two years, a bold projection.

### INNOVATIVE APPROACHES

Hexagon has implemented several innovative approaches to enhance customer benefits and promote safety and sustainability. One notable initiative involves the introduction of 45-foot containers and B-Double tandem trailers, resulting in significant cost savings for customers with 12% and 50% reductions in carton price. The company has introduced the Safety Trailer to demonstrate its dedication to providing a safer driving experience for road users. Besides, collaborating with MIDA has yielded tax incentives and matching grants, supporting capital expenditures and creating employment opportunities for the rakyat. Pioneering IR4.0, the company invested in building the first ISO tank washing facility in EMB. With a focus on environmental, social, and governance (ESG) principles to contribute to a greener environment, the company has successfully formulated and developed a new organic coolant, exemplifying a dedication to sustainability and eco-friendly practices through automation.

### GROWTH STRATEGIES

Hexagon has developed a thorough strategy to achieve its goal of “being the best INTERNATIONAL INTEGRATED LOGISTICS services provider, distinguished by complete regulatory compliance, a good business excellence

framework, and an unwavering commitment to a high standard of ethics.” These include strong leadership, continual education and training, team spirit, and a relentless focus on customer satisfaction. Hexagon also emphasizes performance reviews and ongoing development to build long-term customer relationships. A digital transformation to boost production, efficiency, and accountability reflects Hexagon’s innovation. The company uses IR4.0 automation to boost capacity and cut costs, ensuring its competitiveness and relevance in the market.

## THE MANAGEMENT

The company’s notable achievements under Mr William’s strong leadership include achieving Authorized Economic Operators (AEO) status in 2022, a testament to its compliance with customs and security standards. Furthermore, developing a nine-year business connection with Nestle demonstrates the company’s commitment to long-term collaborations. Hexagon has maintained eight-year relationships with significant organizations such as KLH, BAC, Trienekens, and Mondelez to strengthen its position. Notably, SEDEX has acknowledged its commitment to ethical and responsible practices, demonstrating its commitment to high business standards.

## THE PEOPLE AND CULTURE

At Hexagon, the Management and the people uphold key values like honesty, accountability, hard work, consistency, improvement, teamwork, empathy, and emotional support. To inspire the employees, Hexagon rewards them through incentives based on KPI achievements and work ethics. The company values human capital investment by providing opportunities for internal promotion to upskill and enhance employability and merit-based compensation. Besides, Hexagon supports its staff obtaining certification or advancing their qualifications through matching subsidies for completed assessments. Throughout COVID-19, the company exhibited resilience by retaining its workforce against all odds and providing essential support for their livelihoods. Hexagon appreciates and recognizes loyal employees with a “Long Service Award”.

## ECONOMIC IMPACT

Hexagon contributes significantly to the growth of Sarawak’s economy as it enables the delivery chain of raw materials and finished goods in and out of Sarawak. Its cross-border delivery methodology fits well into the customers’ Route-to-Market (RTM) delivery model, saving transportation costs and expediting inventory restocking at distribution centres across EMB. This rapid RTM delivery allows distributors to reduce warehouse inventory, resulting in a cost-effective and efficient Just-in-Time (JIT) supply strategy.

## SOCIAL & ENVIRONMENTAL SUSTAINABILITY RESPONSIBILITIES

As President of the Sarawak Forwarding Agencies Association (SFAA), Mr. William leads the transport sector, which supports six primary industries. As Alternate Chair of the BIMP-EAGA Business Council (BEBC), he facilitates cross-border and interstate cargo and passenger mobility, especially in Sarawak-related matters through SAMUDAH. As Chairman of the Transport Cluster (Air, Sea & Land) Portfolio and Council Member of the Sarawak Business Federation (SBF), he helps strategically promote the transport sector and business community. Hexagon sponsors UNIMAS scientific studies in social and environmental activities to encourage researchers to commercialise their work. Hexagon showed environmental awareness by participating in the Airport Cargo Hub Areas Clean-Up Programme. Additionally, the company donates groceries and supplies to those in need. Agro-waste upcycling for biodiesel and insect farming for animal feed demonstrates its proactive approach. The company also developed an eco-friendly organic truck coolant and diesel additives to lower CO<sub>2</sub>, noxious gases, and greenhouse gases. Finally, Hexagon’s social responsibilities include occasional student study tours.

## RESILIENCE

Hexagon has survived the COVID-19 pandemic, lockdown, and border closure. Its business model hinges on the warehousing and distributing essential goods, contract delivery and logistics projects. The shipping crisis and rising sea freight offer Hexagon chances to expand into global freight logistics. Its cutting-edge innovative logistics management system technology has allowed Hexagon to reduce overhead and redundancy.

## TRANSFORMATION THROUGH MODERN TECHNOLOGY: DIGITALIZATION

Hexagon undertakes significant investments in in-house information technology and artificial intelligence development and has been developing digital cloud platforms since 2014. Its present digital platform, ERP, is the outcome, as is its technological edge over competitors, saving both cost and time in decision-making. As a result, Hexagon’s eco-friendly paperless logistics management system decreases its carbon footprint while enabling quick invoicing and efficient cash collection, providing the company with more sustainability in growing its business.

---

## MS CH'NG BEE LIAN

Master Entrepreneur  
Leaves Food Industries Sdn Bhd

---

### THE RECIPIENT

Ms Ch'ng Bee Lian, also known as Josephine, is a successful entrepreneur who has a positive and innovative mindset when it comes to managing her business. She currently holds three prominent positions as the Director for Leaves Bhd and Leaves Trading Sdn Bhd. She is also the Managing Director for Leaves Food Industries Sdn Bhd.

Being a strategic thinker, instead of trying to compete head-on with larger beverage companies, Josephine has identified and capitalized on Leaves' unique Sarawakian heritage. This niche focus allows her to differentiate her product in a way that resonates with consumers who appreciate and value cultural authenticity.

Her adaptive mindset and responsiveness to customer feedback demonstrate a keen understanding of the evolving market dynamics. This is illustrated by her expansion of the beverage market by shifting from solely business-to-business (B2B) sales to direct consumer sales. This is a significant move that indicates a willingness to adapt to changing consumer preferences. Her adeptness in marketing across various platforms, from traditional media to modern platforms like YouTube and TikTok, illustrate her understanding of diverse audience segments and her willingness to engage with them where they are most active.

### THE COMPANY

The journey of LEAVES® from its humble beginnings to overcoming significant challenges showcases remarkable resilience and adaptability. The initial struggle during the first six years highlights the company's ability to recognize areas that needed improvement and the willingness to make the necessary changes. The decision to revamp packaging with newly designed PET bottles and witnessing a 55% sales increase demonstrates the impact of such strategic adjustments. The introduction of the "Teh C" special syrup in 2006 stood as yet another noteworthy accomplishment, as attested by our satisfied customers. The COVID-19 pandemic posed a formidable challenge to many businesses globally, yet LEAVES® responded with resilience. "Instead of worrying about what you cannot control, you should shift your energy to what you can create", she said. Josephine's positive mindset and the company's proactive approach to focusing on innovation despite uncertain times led to the successful launch of the "Sarawak 3-Layer Milk Tea" in January 2021. This demonstrates a remarkable ability to pivot and create new opportunities even during challenging circumstances. LEAVES®'s story is a testament to the company's resilience, adaptability, and commitment to continuous improvement.

### INNOVATIVE APPROACHES

LEAVES®'s innovative strategies and commitment to excellence are truly commendable. Their evolution from B2B sales to including direct selling to customers reflects their responsiveness to market dynamics and consumer preferences, leading to wider product accessibility. Expanding their presence to over 4,000 stores in both the local and international markets such as Australia, Brunei, China, Hong Kong, New Zealand, Papua New Guinea, and Thailand signifies their ambition and success in reaching diverse customers globally. The attainment of GMP, MeSTI, HACCP, and Halal Certification within East Malaysia illustrate their dedication to maintaining high-quality standards and catering to specific consumer requirements. Winning industry excellence awards like the Asia Halal Brand Award, the Golden Bull Award, Consumers' Choice Award and Premier of Sarawak Industry Excellence Awards reaffirms their commitment to producing top-notch products and services. Embracing the Industry 4.0 Revolution by computerizing manufacturing operations demonstrates LEAVES®'s forward-thinking approach.

Leveraging technology not only enhances operational efficiency but also reduces costs and environmental impact by minimizing paper usage. This step toward digitization positions them at the forefront of technological advancements in the industry.

## GROWTH STRATEGIES

Josephine's vision for LEAVES® is incredibly ambitious and forward-thinking. The aspiration to transform the company into a public-listed multinational corporation with a global reach signifies a strong commitment to growth and expansion. Targeting to be listed on Bursa Malaysia by 2027 is a significant milestone and indicates a clear roadmap for achieving this vision. It requires robust strategies, financial stability, and continued growth to meet the stringent requirements of a public listing. Securing trademark approvals in countries like Australia, Hong Kong, Malaysia, and Singapore demonstrates the company's proactive approach in protecting its brand and products internationally. This groundwork is crucial for global expansion and ensures a strong foundation for future market penetration. By aiming to promote Sarawak's unique cultural heritage on a global scale through LEAVES®'s products, Josephine is not just envisioning business success but also advocating for the cultural richness of her place of origin. This alignment of business goals with broader cultural promotion adds depth and significance to LEAVES®'s mission.

## THE MANAGEMENT

Josephine's leadership style and the culture she's fostered at LEAVES® speak volumes about her effectiveness as a leader. Building a strong and cohesive management team is crucial for any company's success, and her emphasis on fostering innovation, open communication, and trust within the workplace is commendable. Encouraging a culture of innovation is pivotal in keeping the company ahead in a competitive market. Open communication fosters transparency and ensures that everyone is aligned with the company's vision and goals. Trust among team members creates a conducive environment for collaboration and collective efforts toward achieving common objectives. Her ability to identify and harness the talents within her team is a testament to her leadership skills. Recognizing individual strengths and leveraging them effectively is key to maximizing team potential. This approach has evidently contributed to the company's achievements in operational efficiency, improved marketing strategies, technological innovations, and increased revenue. By fostering a work environment that encourages collaboration, innovation, and mutual trust, Josephine has laid the foundation for sustained growth and success at LEAVES®. Her leadership style not only drives the company forward but also nurtures an environment where employees feel valued and empowered to contribute their best.

## THE PEOPLE AND CULTURE

Employees at LEAVES® are encouraged to be adaptable, resilience to challenges and to seek continuous improvement. The strong emphasis on creativity, innovation, and teamwork speaks to the importance of collaborative efforts and fresh ideas within the organization. By nurturing these qualities, LEAVES® encourages an environment conducive to innovation and problem-solving, key elements for sustained success in any industry. The recognition and reward system, including bonuses, awards for outstanding performance and long service, showcase the company's appreciation for employee contributions. Offering ample opportunities for career advancement and professional development not only motivates employees but also contributes to their personal growth, ensuring a mutually beneficial relationship between the company and its workforce. Providing incentive holiday trips for long-serving employees demonstrates a commitment to recognizing loyalty and dedication. This initiative not only serves as a reward but also fosters a sense of belonging and commitment among staff members. The strong emphasis on ethics and integrity through regular training and workshops reflects the company's dedication to maintaining high ethical standards. When management leads by example in demonstrating ethical behavior, it sets the tone for the entire organization and reinforces the importance of these values in everyday practices.

## ECONOMIC IMPACT

LEAVES®'s commitment to supporting local communities and businesses within and beyond Sarawak has been impactful. By creating employment opportunities and sourcing essential raw materials from local suppliers, the company not only contributes to the economic growth of these communities but also fosters sustainable relationships within the region. Supporting local suppliers demonstrates a dedication to promoting local industries and economies, which can have a ripple effect by stimulating growth in various sectors. Moreover, the company's efforts in exporting and marketing their beverages beyond Malaysia indirectly contribute to promoting Sarawak's tourism industry. By showcasing Sarawak's unique culture through their products, LEAVES® contributes to raising awareness about the region on an international scale. This can pique the interest of consumers from other countries, potentially leading to increased tourism and interest in Sarawak's cultural heritage. This dual impact of economic support to local communities and indirect promotion of Sarawak's tourism industry through its business operations

reflects LEAVES®'s commitment to being a responsible corporate citizen and contributing positively to the broader community beyond its immediate business scope.

## SOCIAL AND ENVIRONMENTAL SUSTAINABILITY RESPONSIBILITIES

Besides making economic contributions to the economy, LEAVES® actively participates in supporting the local community through involvement in social and environmental sustainability projects. Their involvement in improving local schools' learning environments and supporting religious projects demonstrates a dedication to enhancing community infrastructure and fulfilling social needs. By investing in educational and religious facilities, they contribute to the overall well-being and development of the community. Supporting events and initiatives related to the arts and handicrafts of indigenous communities showcases LEAVES®'s efforts to preserve and promote Sarawak's rich cultural heritage. By recognizing and supporting these cultural aspects, they contribute to the preservation of traditions and empower local communities. The company's commitment to environmental sustainability through investments in energy-efficient equipment and waste reduction programs, such as recycling and responsible waste disposal, demonstrates their efforts to minimize their environmental footprint. These initiatives not only benefit the environment but also set a positive example for responsible corporate practices. LEAVES®'s multifaceted approach to social and environmental initiatives aligns with their broader commitment to being a socially responsible entity. By integrating these efforts into their business practices, they positively impact both the community and the environment, contributing to a sustainable and thriving society.

## RESILIENCE

LEAVES®'s resilience in overcoming challenges is a testament to their strategic planning and adaptability in navigating difficult economic situations. Their approach to product diversification during the COVID-19 lockdown by successfully launching the Sarawak 3-Layer Milk Tea beverage highlights their agility in responding to market demands, even during uncertain times. Expanding beyond the Sarawak market to Peninsular Malaysia and other international markets further showcases their proactive approach to reducing market risks and diversifying revenue sources. Forming a strong business network that includes customers, retailers, and suppliers is pivotal for market adaptability, cost reduction, and fostering corporate goodwill. This network not only ensures a steady flow of goods but also strengthens relationships within the industry, contributing to long-term sustainability. Prudent cost management, strategic planning that incorporates risk management, and having contingency plans in place are crucial elements for any business, especially during economic crises. LEAVES®'s focus on these core approaches demonstrates their preparedness to navigate uncertain times and ensures their long-term survival.

## TRANSFORMATION THROUGH TECHNOLOGY

In order to stay abreast of technological progress and environmental shifts, LEAVES® has integrated modern technology across various facets of its business operations. The implementation of fully automated production lines not only ensures quality control but also contributes to waste reduction. This automation enhances efficiency and maintains consistent product standards. Adopting an advanced inventory management system demonstrates LEAVES®'s commitment to optimizing stock levels for efficient cost management and ensuring timely replenishment. Additionally, the use of artificial intelligence and data mining for analysing competitors' strategies, consumer behavior, and market trends showcases a forward-thinking approach to strategic planning. Leveraging these insights helps in making informed decisions for long-term business strategies, adapting to market changes, and meeting consumer demands effectively. Their presence on various digital platforms such as Lazada, Shopee, Facebook, Instagram, and TikTok reflects their commitment to reaching a broader global market. Utilizing these platforms is a smart way to engage with consumers where they are most active, ultimately expanding their market reach and brand visibility.

---

## PN DAYANG AZIZAH BINTI ABANG ZAIDAN

Master Entrepreneur  
Inter-Continental Travel Centre Sdn Bhd  
Representing Dewan Usahawan Bumiputera Sarawak

---

### THE RECIPIENT

Following her secondary school education at the age of 18 years old, Dayang Azizah Binti Abg Zaidan began working for her family-owned business, Inter-Continental Travel Centre Sdn Bhd. Despite this, she continued in pursuing further education and triumphantly attained a Master's degree in Business Administration. In 2004, she became the Managing Director of her company after the passing of her father and under her leadership, the company has grown and expanded from six to 40 employees. Dayang Azizah is was a board member of the Sarawak Tourism Board (STB) and she also hold the post of the Honorary Secretary of Travel Agents (MATTA) Sarawak. In addition, she has been an active member of the Malaysian Association of Tour alongside MATTA since early 2000s and was the chairperson from 2011 to 2015.

### THE COMPANY

Inter-Continental Travel Centre, headquartered in Kuching, operates two branches in Bintulu and Miri. Led by Dayang Azizah and her dedicated team, the company has garnered numerous accolades from national and international airlines. Prioritizing customer satisfaction, Inter-Continental Travel Centre places a strong emphasis in offering flexible and personalized travel services that integrate real-time information. The company's signature lies in delivering dependable and consistently excellent services that not only meet but exceed clients' expectations, fostering trust and cultivating customer loyalty.

### INNOVATIVE APPROACHES

Dayang Azizah persistently seeks innovative strategies to address challenges within the travel industry, introducing pioneering solutions that defy conventional norms. Among these is the establishment of a hybrid work model, leveraging current technology to grant her employees the flexibility of remote work while maintaining connectivity with customers by extending service hours beyond the typical office schedule. These innovative initiatives have solidified Dayang Azizah's company as a leader in the travel and tourism sector.

### GROWTH STRATEGIES

Inter-Continental Travel Centre's growth strategy revolves around two fundamental pillars: strategic and sustainable expansion. Employing market analysis, strategic partnerships, and a customer-centric approach, Dayang Azizah has orchestrated the transformation of a small family enterprise into the successful company it is today. By pursuing acquisitions, mergers, and diversifying service offerings to cater to client needs, she has broadened the company's market presence within the travel industry, laying a strong groundwork for enduring and sustainable growth.

## THE MANAGEMENT

The triumph of any business hinges on proficient management, an area where Dayang Azizah truly shines. She prioritizes collaboration and transparency among her team members, fostering an organizational culture rooted in accountability and trust. Moreover, she grants flexibility and autonomy to team leaders, enabling them to make decisions that drive the company's objectives. Through these actions, she has instilled confidence in her employees' abilities, cultivating a sense of trust and empowering them to confront any challenges that come their way.

## THE PEOPLE AND CULTURE

At the core of Dayang Azizah's leadership philosophy lies the recognition that skilled and motivated employees are pivotal to an organization's success. Consequently, she views her employees as an integral part of her extended family, consistently investing in their training to maintain their competence and keep them abreast of the latest advancements in the travel industry. Her steadfast dedication to employee development and integration has been a driving force behind her company's achievements. Beyond nurturing relationships with employees, Inter-Continental Travel Centre has fostered robust connections with clients and industry partners to ensure long-term sustainable growth.

## SOCIAL RESPONSIBILITIES

Continuously, Inter-Continental Travel Centre has contributed to society by partnering with other entities in the travel and tourism industry to generate innovative ideas aimed at attracting more visitors to Sarawak. Furthermore, the company has collaborated with institutions involved in tourism education in nurturing young talents for their career progression.

## RESILIENCE

The onset of the Covid-19 pandemic presented one of the most significant challenges for Dayang Azizah and her company. Besides implementing cost-cutting measures, the company diligently followed the latest travel regulations to prioritize the safety and welfare of both the customers and staff. Despite the challenging circumstances, the company upheld its professionalism, consistently delivering top-notch service to clients. As the travel industry underwent transformations and faced evolving landscapes, Dayang Azizah leveraged her extensive industry experience to navigate her company through volatile periods, steering it through the storm of uncertainties.

## TRANSFORMATION THROUGH TECHNOLOGY

As a component of Inter-Continental Travel Centre's business overhaul initiative, Dayang Azizah has embraced technological advancements by investing in Amadeus to oversee the management of her sales and inventory systems. This move has significantly improved the efficiency of the company's administrative procedures and information storage systems. With this progress, the company is on the brink of achieving complete digitization, aligning itself with global standards.

---

## MR FAM KHING FOH

Master Entrepreneur

Howasar Contracts Sdn Bhd

Representing Kuching Chinese Chamber of Commerce and Industry

---

### THE RECIPIENT

Mr. Fam Khing Foh is the Founder and the Managing Director of Howasar Group, a reputable and established contractor and developer in Sarawak, Malaysia. As a veteran with more than 25 years in the construction industry, Fam has earned the trust and recognition from his clients and home buyers for his prompt delivery of projects as well as the uncompromising attitude towards upholding quality and workmanship to the highest standards.

Fam's journey of success has not been plain sailing but it's certainly an exemplary model for the younger generations. It encapsulates the fascinating ingredients of a rags-to-riches experience. He was born into a family which owns and operates a small pepper farm. The income derived from the harvest could hardly make ends meet. But the financial hardship did not deter Fam from seeking better prospects in life. After completing his self-funded Senior Cambridge studies at SMK Dragon, he was recruited by Kuching Rural District Council (now known as Padawan Municipal Council), as a probationary health inspector in 1976. He was later sent to further his studies in Kuala Lumpur to obtain a Diploma in Public Health. He remained in the municipal service until 1995 when he opted for early retirement as he decided to go after his dream in the corporate world.

### THE COMPANY

Fam established Howasar Contracts Sdn. Bhd. (hereinafter 'Howasar') in 1998. Under his stewardship, the company started by undertaking subcontract works in the installation of plaster ceilings. As he gained more experiences through the various projects undertaken, Mr. Fam decided to take on the construction of buildings. As they say, the rest is history. The business has expanded ever since and flourished.

### INNOVATIVE APPROACHES

Some of the iconic buildings completed by Howasar include the McDonald's restaurants throughout Sarawak, the multi-purpose hall of DBNA, Pusat Tafiz Al Quran at Demak State Mosque and the Archaeological Museum at Santubong, near Kuching. As delivering quality projects are always his personal philosophy, Fam gives careful thought to creative designs and planning as well as the aesthetic values that go into projects undertaken.

### GROWTH STRATEGIES

Despite his humble beginnings as a plaster ceilings contractor, Fam decided to venture and expand into property development by setting up Alam Julang Sdn. Bhd. and Howasar in 2001 and 2009 respectively. To date, the companies have completed nearly a thousand units of mixed development. This includes shophouses, warehouses and residential properties. Currently, Howasar is undertaking over RM130 million worth of projects of various types of properties in Batu Kawa, Batu Kitang, and Siburan, near Kuching and Sri Aman, Sarawak.

## THE MANAGEMENT

Fam attributes his success to multiple factors. One prominent factor that sticks out is his hands-on approach to personally manage all the projects undertaken by his companies. Fam is not a person who would rest on his laurels with the taste of success. He is at his worksites almost every day to ensure the quality and workmanship align with the required project and industry standards, and at the same time, upholding the principle that progress must be on schedule at all costs.

## THE PEOPLE AND CULTURE

In Howasar, the employees are always encouraged to inculcate the philosophy of passion and innovation. Fam welcomes suggestions on ways to improve the implementation, completion and the delivery of projects. Together with the contractors, partners and suppliers, Fam and his staff have managed to overcome all challenges that arose during the pandemic years. He believes one could scale greater heights, achieve more and grow through one's strengths and capability when tested through trials and tribulations.

## ECONOMY IMPACT

With close to a thousand units of mixed development completed, Fam and Howasar have positively contributed much to the regional economies in Kuching and Greater Kuching.

## SOCIAL RESPONSIBILITIES

Despite his success and time constraint, Fam has not forgotten his role as a member in the community. In addition to being the Vice President of Kuching Chinese General Chamber of Commerce and Industry (KCGCCI), he has also been an honorary adviser and committee member to many associations, temples and schools in the state. Over the years, he has also made substantial financial contributions to the schools and NGOs including the relocation and rebuilding of SJK Chung Hua Sungai Tapang, SJK Chung Hua Bako and SJK (C) Kai Nang.

## RESILIENCE

With unwavering determination, passion and hard work, Fam together with the support and trust of his staff, contractors, partners and suppliers, has managed to overcome all the difficulties and challenges that arose, especially from the Covid-19 pandemic years. Fam and Howasar have better understood and learned by shifting their focus from solely undertaking, completing and delivering projects, to constantly engage with partners on how to better utilize resources to attain higher output and results, at a lower cost.

## TRANSFORMATION THROUGH TECHNOLOGY

Fam frequently travels abroad to stay abreast of the contemporary designs of various types of properties and the latest innovations in the construction materials. In tandem with heightened attention on the wider sustainability agenda among project clients and house buyers, Fam finds it imperative to learn and adopt new technologies, designs and methods to undertake future projects.

---

## DATUK LAU NAI HOH

Master Entrepreneur  
TAS Offshore Bhd  
Representing Sarawak Chamber of Commerce & Industry

---

### THE RECIPIENT

Datuk Lau Nai Hoh embarked on his shipbuilding journey with only determination, vision and courage to navigate uncharted waters. The Sibuborn Sarawakian is renowned for his audacious aptitude and remarkable foresight. He has built a steely reputation and ranks in the top realm of visionary shipbuilding entrepreneurs. Moral and social values are his compass. He believes the economy and cultural impact of his work is important and draws on family support for decision-making processes.

### THE COMPANY

TAS Offshore Berhad, established in Malaysia on March 18, 2008, as a public limited company, commenced operations by acquiring Tuong Aik Shipyard Sendirian Berhad (TAS) in 2009, marking its entry into the shipbuilding and repair industry. Its origins date back to 1977 with Tuong Aik (Sarawak) Sendirian Berhad (TASSB), initially a marine coatings supplier and shipping services provider, which later expanded into shipbuilding and repairing in 1991. In 2002, TAS was formed specifically for shipbuilding and repairing activities, a focus that was solidified when TAS took over these operations from TASSB in 2004. Today, TAS Offshore Berhad is recognized for its extensive experience and expertise, establishing itself as a leader in shipbuilding and repair, known for quality and reliability in the marine sector.

### INNOVATIVE APPROACHES

Despite being one of the leaders in the sector, Datuk Lau is in constant search for new horizons in the ship building industry. Through his vast contacts, experiences and friendships with clients, partners and suppliers in Malaysia, China and Taiwan, Datuk Lau is able to acquire new knowledge to challenge the norms and elevate his skills to lofty heights in the ship building industry.

### GROWTH STRATEGIES

Under the leadership of Datuk Lau, TAS Group has expanded to the regional markets. Presently, the company's market includes the United Arab Emirates, Bahrain, Iraq (Middle East), Papua New Guinea, Indonesia and Singapore. As such, Datuk Lau has contributed to the economic growth in terms of foreign exchange and the social well-being of the local community through employment in both Sarawak and Malaysia.

### THE MANAGEMENT

The success of TAS Offshore Berhad is attributed to the innate quality of the person at its helm. As the company expands and to ensure growth, Datuk Lau introduces and embraces an organizational culture that is characterized by collaborative efforts and mutual respect among staff members. Besides, the organizational culture also encourages continual improvements as this is integral to the success of the company.

## THE PEOPLE AND CULTURE

In order for the company to grow, Datuk Lau cherishes the employees of the company as they are the lifeline. Organizations need skilled and talented staff members. As part of the staff development plan, every staff member at TAS Group is provided a career pathway to upgrade their talents and prepares for future promotion. The staff members are regularly expected to enroll for relevant trainings to update knowledge and keep abreast on the development in the industry.

## ECONOMY IMPACT

The business activities of TAS Group have provided employment to over 500 staff members in the country. In addition, the operations of the company have also benefited and supported many people through job opportunities including the employees of partners and suppliers in the country and the region. Through sales, the company has positively contributed to the country's foreign exchange earnings.

## SOCIAL RESPONSIBILITIES

Datuk Lau has always been an advocate in promoting charity works to give back to the society. Although a busy man, he is dedicated to building and supporting events that support intellectual and social exchanges. As a corporate philanthropist, he has donated to the less fortunate over the years, especially toward the social cause of advancing education. Such endeavors have greatly assisted the lower income groups, while giving opportunities to students to excel.

Led by Datuk Lau, The Sarawak Chinese Cultural Association is a non-profit private organization, which specializes in research and collection of Sarawak Chinese culture. Under his leadership, two funds were established; the publishing fund and the academic research fund. The latter is aimed at researchers whose want to undertake academic research work. Datuk Lau also led academically talented students to visit universities in China for academic discussions. Moreover, the Sarawak Taiwan Graduate's Association and the Association of Graduates from Universities and Colleges of China, Malaysia, under the patronage of Datuk Lau, have also established a scholarship for students to study shipbuilding courses and others at universities in Taiwan and China. As a result, the scholarships have cultivated excellent shipbuilding and ship design talents for Malaysia.

## RESILIENCE

The success of an organization is very much contributed by the person at the helm. The wisdom and business acumen at the top will lead the growth of the company. Datuk Lau has paved the way for himself and TAS Offshore Berhad with his mastery of opportunities, while overcoming obstacles.

## TRANSFORMATION THROUGH TECHNOLOGY

As a part of TAS Offshore Berhad's business philosophy, the company is keeping up with technological advances and changes in the environment. The company has invested in new technologies that will keep it in tandem with market trends to stay relevant and remains competitive. As in other industries, the only constant is to evolve and change.

---

## DATO YONG PIAW SOON

Outstanding Entrepreneurship Award  
Harbour-Link Group Berhad

---

### THE RECIPIENT

Dato Yong Piaw Soon started his business as timber broker and exporter in early 70s and ventured into shipping and forwarding agencies business in 1975. Throughout the years, Dato Yong adheres to his principles of commitment, integrity and trust of doing business and dealing with people. His dedicated principles and aspirations propelled him to sustain the development and growth of his companies through various crisis over the years.

Dato Yong generously supports a wide range of initiatives, including funding for schools, scholarships, and educational programs, development projects in rural villages, and assistance for people in need, with a commitment to helping people regardless of race and ethnicity. His altruism has not gone unnoticed and it led Dato Yong to the confer of the title of “Panglima Setia Bintang Sarawak (PSBS)” in 2018 by the Yang Di-Pertua Negeri Sarawak which carries the title of “Dato”.

### THE COMPANY

Harbour-Link Group goes way back to 1975, when Dato Yong and the co-founders started their careers in the early days of the freight-forwarding and shipping industry in Sarawak. Realizing the industry’s potential, the founders embarked on establishing a business providing transportation and forwarding services to Sarawak Shell Bhd. and related oil & gas companies, with a handful of dedicated employees and modest facilities.

Incorporated in 2002, Harbour-Link Group Berhad consolidated all related business activities and was officially listed on the Main Market of Bursa Malaysia Securities Berhad on the 6th of January, 2004. As the firm is deeply rooted in the shipping and logistics services, engineering, and construction industries for the past forty years, Harbour-Link Group has grown steadily and built multi-disciplinary industry expertise covering a comprehensive range of services to fulfill its clients’ needs. Today, Harbour-Link Group’s business footprint extends across the intra-Asian region. The conglomerate has successfully positioned itself as a distinguished and trusted brand within the industries it operates in.

### INNOVATIVE APPROACHES

One of the key strengths of the management team lies in their capacity for innovation. They have played a pivotal role in implementing cutting-edge technologies that have streamlined operations, optimized logistics, and enhanced overall efficiency. For example, the successful integration of a state-of-the-art tracking system, championed by the management team, not only elevated service quality but also positioned Harbour-Link Group as an industry leader in technological advancements.

### GROWTH STRATEGIES

Building from its core business as a local shipping and forwarding agent, Harbour-Link Group expanded its services to provide a comprehensive range of services that is, from customs tax consultation services, customs brokerage

and, documentation to warehousing, transportation, air, sea, land freight to heavy haulage, mechanical erection/ installation, ship chartering, supply chain management and, other specialized industrial logistical support services, which are available nationwide and across the intra-Asian region.

The Group's goal to maximize customers' satisfaction drives the Group's diversification into areas such as civil and mechanical engineering, building and construction, offshore marine support services, road safety training and consultancy services. Following the group's joining with Eastern Solder Engineering and Construction Sdn. Bhd., a company with more than 35 years of experience in the field of oil and gas engineering, construction and infrastructure development, the Group has intensified its endeavor to become a premier Malaysian engineering services provider. Backed by the expertise, extensive resources and operations support network, Harbour-Link Group is fully geared to provide complete turn-key project solutions to their customers both locally and on the international front.

Constantly on the lookout for value creating opportunities, Harbour-Link Group has now forged into the shipping line industry with the acquisition of container and general cargo vessels. This move is an extension of the Group's value chain that promotes end-to-end shipment visibility and, enable them to continue fulfilling their commitment to provide comprehensive and flexible services to their customers.

## THE MANAGEMENT

Dato Yong's success in Harbour-Link Group Bhd. is attributable to the strengths and competence of the management team which he has cultivated. This dynamic group of leaders, handpicked by Dato Yong reflects a diverse range of skills and expertise crucial for navigating the complexities of the conglomerate. Their shared commitment to excellence and synchronized efforts to steer the company towards unprecedented growth.

## THE PEOPLE AND CULTURE

The people at the Harbour-Link Group are committed to uphold integrity and work with professionalism. They commit passionately to excel at work, constantly striving to push the limits and surpass standards of excellence at every opportunity. Their success is attributable to their team work, receptive to changes, willingness to acquire new knowledge, and dedicated to maximize the values of the products.

## ECONOMY IMPACT

Under the astute leadership of Dato Yong, Harbour-Link Group Berhad emerges as a beacon of corporate success and has made a substantial positive impact on the economy of Sarawak. The company's robust growth and expansion initiatives have resulted in the creation of job opportunities. Harbour-Link Group's backward and forward linkages to various sectors in the economy have stimulated economic activity within Sarawak through collaborations with local suppliers and businesses. The company's increased presence and strategic investments have not only elevated Sarawak's standing in the logistics and transportation sector but, have also attracted ancillary industries, further diversifying the economic portfolio of the region. As Harbour-Link Group Berhad continues to thrive, its role as a catalyst for economic development in Sarawak becomes increasingly pronounced, making it a key driver of prosperity and sustainability for the local community as well as the domestic economy.

## SOCIAL RESPONSIBILITIES

Corporate Social Responsibility (CSR) is fundamental to Harbour-Link's corporate culture and core values. They reflect the Harbour-Link's commitments to their clients, shareholders, business partners, employees and their communities. These commitments enable them to perform with the highest standards of good governance and ethics; provide products and services that meet the rising expectations of their clients and business partners; attract and retain quality employees; provide meaningful support in their communities and improve the social and environmental impacts of their business practices.

Harbour-Link believes in striking a balance between profitability and social responsibility to the communities in which they operate. To inculcate the spirit of caring and sharing, Harbour-Link has always encouraged its staff to share their skills and talents in service of others by contributing their time and energy voluntarily towards the Group's Corporate Social Responsibility (CSR) activities. Charity projects, fund-raising events and donations have been an on-going aspect of their business operations as a social commitment toward the communities Harbour-Link group of companies come in contact with.

## RESILIENCE

A hallmark of Harbour-Link Group Berhad's success lies in its remarkable resilience, a quality that is evident in times of crisis or economic uncertainties. Under the leadership of Dato Yong, the company has demonstrated an unparalleled ability to adapt and navigate through challenging periods. Whether faced with economic downturns, global crises, or industry-specific challenges, Harbour-Link Group has consistently exhibited a robust capacity to weather storms. This resilience is not merely reactive but stems from a proactive approach to risk management and strategic planning. During periods of economic slowdown, the company's diversified business portfolio and agile decision-making have enabled it to identify new opportunities and adjust its strategies swiftly. By prioritizing financial prudence, maintaining operational flexibility, and fostering a culture of innovation, Harbour-Link Group has not only protected its business continuity but has also emerged stronger, reaffirming its status as a resilient cornerstone in the logistics and transportation sector.

## TRANSFORMATION THROUGH TECHNOLOGY

At the forefront of innovation, Harbour-Link Group Berhad, led by Dato Yong Piau Soon, has orchestrated a paradigm shift through the seamless integration of cutting-edge technologies. From the implementation of advanced logistics software and real-time tracking systems to the embrace of automated operations. The company has charted a course to promote operational excellence and environmental sustainability in reduction of carbon emissions. This demonstrates Harbour-Link's bold commitment to eco-friendly logistics solutions. Harbour-Link Group's digitization initiatives have streamlined processes, optimized resource utilization, and enhanced overall operational efficiency. This holistic approach, combining technological prowess with a dedication to sustainability and digitization, positions Harbour-Link Group as a trailblazer, exemplifying how a forward-thinking logistics enterprise can lead the way in shaping a greener, more digitally connected future.

A series of Harbour-Link Group Berhad's accomplishments is a testament to the collective efforts of Dato Yong Piau Soon and his highly skilled management team. Their ability to collaborate, innovate, and deliver tangible results has fueled the company's growth and positioned them as pioneers in the ever-evolving logistics and transportation industry.

# NEWS BLAST

## FOR YEAR 2023

---

Dear Members,

# HAPPY NEW YEAR 2023!

Last year was a busy year for SCCI. We have sought and seized various emerging opportunities in the recovering economy for our members. Taking stock of the progress last year, SCCI has embarked on a few significant endeavors such as the Vision 2030 Action Committee which mirrors the Post Covid Development Strategy (PCDS) 2030 initiative by the Sarawak government and also making available for members, capacity building and enterprise development opportunities under the Recovery BizFund.

SCCI members too have had the opportunity to network and established business ties with delegates from Singapore in July, National Chamber of Commerce & Industry (NCCIM) in March and Malaysian International Chambers of Commerce & Industry in August.

SCCI also presented a few award programs such as the Sarawak Entrepreneur of the Year (EOYS) to recognize the top entrepreneurs in our midst celebrating six recipients in January (for EOYS 2021) and six recipients in November (for EOYS 2022). Our members too were recognized in SBF's Chief Minister's Industry Excellence Awards (CMIEA) in February and in the Natural Resources Environment Board's Premier of Sarawak Environmental Award (PSEA) in December 2022.

This year, we are excited to share a few important projects in the pipeline which include our Wisma SCCI project which we hope will take flight in 2023. To establish RINDU (Research Information Data Unit) - our very own business intelligence unit is also high in our agenda.

We pledge to work harder to serve you this year, plan for even more business events and will put in greater efforts to engage with the authorities on affairs which affect your business through platforms such as SAMUDAH which is planned to meet every quarterly.

To all our members, thank you for your continued active participation in all our engagements. Our success thrives on your support.

We value your feedback and would love to hear your views and welcome suggestions on how to further improve our services and what you would like to see more of from SCCI.

To all our Chinese members, Gong Xi Fa Cai and wishing everyone a prosperous year ahead!

19 January 2023

## FACE MASKS DONATION TO HOPE PLACE

SCCI President Dato Sri Abang Haji Abdul Karim handing over face masks to the team from Hope Place on 10 January 2023 at SCCI Office.

# AMALGAMATED PLANT ENGINEERING SDN. BHD.

*"Pioneering  
Energy  
Solutions with  
Integrity and  
Hope"*

## WHAT WE DO

### Plant Shutdown & Turnaround

Our specialized team excels in efficiently managing plant shutdowns and turnarounds, ensuring minimal disruptions while maximizing safety and quality.

### Pipeline Construction & Maintenance

From design to installation and future maintenance, our team provide comprehensive pipeline services with our commitment to safety and quality.

### EPCIC Projects

Harnessing a collaborative approach, we partner with leading engineering firms to offer comprehensive EPCIC solutions for our customers.

## OUR HISTORY

In 1994, Amalgamated Plant Engineering Sdn Bhd opened its doors as a Sarawakian-bumiputera company, offering mechanical maintenance services for plants. In 1995, we became one of the first few Sarawakian contractors to receive DOSH approval. In 2020, our expansional journey began.

## OUR STORY

Our founders noticed an emerging need for mechanical and piping services in Bintulu. Beginning with modest contracts for piping fabrication on projects such as MLNG and SMDS plants, the company shifted its focus towards plant turnarounds and maintenances, and now in EPCC and pipeline projects.

## OUR VISION

We want to be the recognized leader in providing one-stop energy solutions, globally renowned for our professionalism, reliability and commitment to excellence.

## OUR MISSION

Our mission is to redefine excellence in the oil and gas sector. Through our expertise, integrity and a merging of time-honoured values with pioneering solutions, we drive operational excellence, forging lasting partnerships and illuminating the path to a sustainable energy future.

## WHY CHOOSE US

Our unique position in Bintulu, Sarawak, provides a perfect blend of local insight and global expertise.

With deep industry experience and a commitment to rapid value creation, we ensure our solutions are not only globally competitive but also highly relevant to the regional context.

Partner with us for services that combine the best of local understanding and world-class proficiency.
