**THE RIGHT HONOURABLE
DATUK PATINGGI TAN SRI (DR) ABANG HAJI ABDUL RAHMAN ZOHARI
BIN TUN DATUK ABANG HAJI OPENG**
Premier of Sarawak

Entrepreneurship has always been at the heart of Sarawak's economic progress and transformation. The creativity, determination, and foresight of our entrepreneurs have been pivotal in driving the State's development and in laying a foundation for sustainable growth.

It gives me great pleasure to commend the Sarawak Chamber of Commerce & Industry (SCCI) for its steadfast commitment in recognising entrepreneurial excellence through the Sarawak Entrepreneur of the Year Awards (EOYS) 2025, which marks its 20th Anniversary this year.

Over the past two decades, the EOYS has served as a meaningful platform to honour individuals who embody excellence, resilience, and leadership in their entrepreneurial journeys. Their achievements reflect the spirit of Sarawak's business community, which is innovative, forward-looking, and deeply dedicated to advancing the State's prosperity.

Sarawak remains steadfast in its pursuit of sustainable and inclusive growth under the Post COVID-19 Development Strategy 2030 (PCDS 2030). Our focus on renewable energy, hydrogen development, and the broader green economy continues to form a vital pillar of this transformation. These initiatives not only strengthen our energy security but also open new frontiers for investment, innovation, and job creation, positioning Sarawak as a regional leader in the global energy transition.

The State Government remains committed to creating an enabling environment for businesses to thrive. Through strategic investments, infrastructure development, and policies that encourage innovation and private sector participation, we are nurturing a resilient and future-ready economy.

As global challenges and opportunities continue to evolve, I urge our entrepreneurs to keep embracing new technologies, diversifying their ventures, and exploring possibilities beyond traditional boundaries. The ability to adapt, innovate, and seize emerging opportunities will ensure that Sarawak continues to flourish as a dynamic player in the regional and global economy.

My heartfelt congratulations go to all recipients of the Sarawak Entrepreneur of the Year Awards 2025. Your success stands as an inspiration to others and reflects the talent, perseverance, and ingenuity that define Sarawak's entrepreneurial spirit.

Together, let us continue to build a vibrant, sustainable, and inclusive future for our beloved State.

Thank you.

Message From

YB DATUK AMAR HAJI AWANG TENGAH BIN ALI HASAN

Deputy Premier of Sarawak

Second Minister for Natural Resources and Urban Development
Minister of International Trade, Industry and Investment

It is with great pleasure that I extend my heartfelt congratulations to the **Sarawak Chamber of Commerce & Industry (SCCI)** for its steadfast commitment in organising the **Sarawak Entrepreneur of the Year Awards (EOYS) 2025**. This year's celebration carries special significance as it marks the 20th Anniversary of a programme that has, over two decades, become a hallmark of excellence in recognising Sarawak's entrepreneurial achievements.

Through the EOYS, SCCI, in partnership with the **Ministry of International Trade, Industry and Investment Sarawak (MINTRED) and EY**, continues to uphold its commitment to fostering a vibrant, competitive, and forward-looking business environment. This collaboration provides an excellent platform to acknowledge and inspire entrepreneurs who exemplify innovation, leadership, and resilience in driving Sarawak's economic transformation.

In recent years, Sarawak's entrepreneurs have continued to rise above global uncertainties, embracing new technologies, diversifying their ventures, and tapping into emerging opportunities. Their agility and determination have positioned the State as a growing centre for innovation, investment, and sustainable enterprise. This spirit of adaptability is central to Sarawak's journey towards a more diversified and resilient economy.

The State's growing appeal to investors in key sectors such as **advanced materials, petrochemicals, semiconductors, and aerospace** reflects Sarawak's strong fundamentals and business-friendly ecosystem. The Government remains steadfast in enhancing infrastructure, nurturing a skilled and future-ready workforce, and promoting research, development, and innovation. These efforts will ensure that Sarawak continues to thrive as a preferred destination for investment and a regional leader in new and emerging industries.

My warmest congratulations to all recipients of the **EOYS 2025 Awards**. Your accomplishments reflect not only personal success but also the collective ambition of a State striving for excellence. May your achievements continue to inspire others and contribute to the shared prosperity of all Sarawakians.

Congratulations once again to **SCCI** and all its partners for your unwavering commitment to recognising and nurturing **Sarawak's entrepreneurial excellence**.

Message From

DATO SRI ABANG HAJI ABDUL KARIM BIN TUN DATUK ABANG HAJI OPENG

The Honourary Life President

It gives me great pleasure to extend my warmest greetings to all members, guests, and friends gathered for the **SCCI 74th Gala Dinner**, a celebration made even more special as we mark the **20th Anniversary of the Sarawak Entrepreneur of the Year Awards**.

Over the past two decades, the EOYS Awards have stood as a symbol of recognition for Sarawak's most outstanding entrepreneurs — individuals whose vision, resilience, and determination have not only built successful businesses but also contributed significantly to the economic and social development of our State. These awards remind us that excellence is achieved through hard work, innovation, and an unwavering commitment to our communities.

Having had the privilege to serve as President of this esteemed Chamber, I am proud of what we have accomplished together. Today, I am equally pleased to have passed the mantle to my successor, Datuk Philip Ting, who now leads SCCI with vision, energy, and dedication. Under his stewardship, I am confident that the Chamber is in exceptionally capable hands and will continue to grow, support our members, and champion Sarawak's private sector.

To all the entrepreneurs and award recipients here tonight, I congratulate you for your remarkable achievements. Your journey demonstrates the power of perseverance, innovation, and leadership, and your success inspires future generations of Sarawakian business leaders.

As we celebrate this milestone, let us continue to strengthen our bonds, nurture enterprise, and work collectively to advance Sarawak's prosperity. May SCCI flourish in the years ahead, and may we remain united in our shared vision — **"United We Prosper."**

Message From

DATUK PHILIP TING

President

A warm welcome to the SCCI 74th Gala Dinner featuring the Sarawak Entrepreneur of the Year (EOYS) Awards 2025, a distinguished event marking the 20th Anniversary of this prestigious awards programme that celebrates the entrepreneurial spirit driving Sarawak's progress.

This year's theme, "*Celebrating 20 Years of Entrepreneurial Excellence*" is a tribute to two decades of passion, resilience, and innovation demonstrated by Sarawak's entrepreneurs. Since its inception in 2004, the EOYS Awards have honoured visionary leaders who have not only achieved business success but also contributed meaningfully to the growth and development of our state.

As we reflect on the journey over the past 20 years, we recognise the many inspiring stories that have shaped Sarawak's business landscape. Each recipient, past and present, has played a vital role in advancing our economy, creating opportunities, and elevating Sarawak's standing as a hub of entrepreneurship and innovation.

SCCI remains steadfast in its commitment to supporting and empowering the business community, working closely with partners and stakeholders to promote sustainable growth and competitiveness. We extend our sincere appreciation to the Ministry of International Trade, Industry and Investment Sarawak (MINTRED) and EY for their unwavering partnership and contributions to the continued success of the EOYS Awards.

A heartfelt thank you also goes to our sponsors for their generous support, and to the Organising Committee for their dedication in bringing together this meaningful celebration.

As we commemorate this special milestone, let us not only celebrate our entrepreneurs' past achievements but also look ahead with renewed optimism, nurturing the next generation of leaders who will continue to drive Sarawak's prosperity for years to come.

Here's to an inspiring evening of reflection, recognition, and celebration of entrepreneurial excellence.

Thank you, and enjoy the evening!

Message From

DR JYE Y LU

Organising Chair

It is my great pleasure, on behalf of Sarawak Chamber of Commerce & Industry (SCCI) and the Organising Committee, to warmly welcome everyone to the **SCCI 74th Gala Dinner 2025 and the 20th Sarawak Entrepreneur of the Year (EOYS) Awards 2025**.

Tonight, we celebrate not only the spirit of entrepreneurship and excellence but also the enduring resilience, innovation, and unity that define the Sarawak business community. This year's celebration holds special significance as we commemorate the **20th anniversary of the EOYS Awards**, a milestone that honours two decades of excellence, leadership, and contribution to Sarawak's economic growth and development.

We are delighted to welcome back our **past EOYS recipients**, whose visionary leadership has shaped Sarawak's entrepreneurial landscape over the years. Your leadership and success continue to inspire the next generation of entrepreneurs and stand as a testament to the vibrancy and potential of Sarawak's business landscape. To our **2025 award recipients**, congratulations on your well-deserved recognition. Your achievements embody the entrepreneurial spirit that drives progress and prosperity for our state.

As we look to the future, the SCCI remains steadfast in our commitment to promoting **sustainability, innovation, digital transformation, and greengrowth**. In this era of rapid technological advancement, Artificial Intelligence (AI) and digital technologies are transforming the way we live, work and do business. By embracing these innovations and clean energy solutions, we can unlock new opportunities, enhance productivity, and build a smarter, more connected, and sustainable Sarawak. The future belongs to those who adapt – and together, we are ready to lead that change. We can build a future where business excellence goes hand in hand with social and environmental stewardship.

The success of this event would not have been possible without the invaluable support of our sponsors, partners, and dedicated members of the Organising Committee. My deepest appreciation also goes to the SCCI Secretariats for their tireless dedication, professionalism, and meticulous coordination in ensuring the seamless organisation of this evening's celebration.

As we celebrate **74 years of the Sarawak Chamber of Commerce & Industry's proud legacy** and **20 years of recognising entrepreneurial excellence**, let us continue to work hand in hand – guided by innovation, sustainability and a shared vision – to create a brighter, smarter, and more prosperous future for Sarawak.

Thank you, and I wish everyone a memorable and enjoyable evening.

Message From

TAN SRI DATO' PAUL KOON POH KEONG

Vice President

Chairman, SCCI Bintulu Region

The Sarawak State Entrepreneur of the Year Awards 2025 is proudly organised by the Sarawak Chamber of Commerce & Industry (SCCI), with the valued support of the Ministry of International Trade, Industry and Investment Sarawak, and Ernst & Young Malaysia.

These awards, launched in 2004, honour exceptional entrepreneurial talent and leadership within the state. This year marks a significant milestone as we celebrate 20 years of excellence, recognising the achievements of entrepreneurs who have made lasting contributions to Sarawak's economic and social development. To date, about 100 Sarawakian entrepreneurs have been recognised. Tonight, we welcome a new group of outstanding individuals to this distinguished list.

Entrepreneurs are key at shaping the future of modern Malaysian society, especially in Sarawak, a state known for its rich cultural heritage, natural resources, and growing digital infrastructure. These elements create fertile ground for entrepreneurship in sectors such as ecotourism, green technology, agriculture, and the creative industries.

More than economic drivers, entrepreneurs in Sarawak are also enablers of rural development and indigenous empowerment. Their ventures have the potential to uplift communities while preserving cultural identities through sustainable business models.

The theme 'Celebrating 20 Years of Excellence' is a timely reflection of the entrepreneurial leadership that has shaped our state over recent years. Today's Sarawakian entrepreneurs continue to be innovators, leading the charge in renewable energy, digital transformation, and sustainable solutions. Their work drives economic growth and creates diverse employment opportunities.

Importantly, there is no single definition of an entrepreneur. While many are pioneers taking bold risks in new markets, others build steadily within existing sectors, innovating from within. What unites them is the drive to solve problems, adapt to change, and lead through uncertainty.

In a time of rapid technological change and global competition, the entrepreneurial spirit is not just valuable, it is essential. Entrepreneurs bring fresh thinking, digital fluency, and a willingness to disrupt outdated models. Their impact extends beyond business, contributing to national advancement and social development.

SCCI remains committed to nurturing this spirit. We play a vital role in fostering collaboration, sharing knowledge, and building strong partnerships between the private sector and government. Together, we must support the growth of an inclusive, resilient, and future-ready entrepreneurial ecosystem.

To achieve this, access to funding, mentorship, and digital education must be prioritised. Equipping current and future entrepreneurs with these tools will ensure sustainable success for Sarawak's economy.

Tonight's celebration is a tribute to the visionary individuals who continue to shape Sarawak's future through innovation and perseverance. Let us not only recognise their achievements but also support their journeys, not just with encouragement, but through action. In doing so, we invest not only in their future but in the future of Sarawak, and indeed, of Malaysia.

Message From

MR LAWRENCE LAW SIEW HIE

Vice President
Chairman, SCCI Sibu Region

Empowering Central Sarawak

Sarawak stands at a defining juncture in its transformative journey under the Post COVID-19 Development Strategy (PCDS) 2030 – a blueprint to achieve a prosperous, inclusive, and environmentally sustainable Sarawak.

Under the visionary leadership of the Right Honourable Premier of Sarawak, Datuk Patinggi Tan Sri (Dr) Abang Haji Abdul Rahman Zohari bin Tun Datuk Abang Haji Openg, Sarawak is charting a progressive course to achieve balanced and sustainable growth. Guided by PCDS 2030, Sarawak strives to build a resilient and inclusive society that focuses on innovation, digital transformation, and sustainability – fostering value-added industries such as renewable energy, manufacturing, and commercial agriculture, where every Sarawakian can enjoy the economic prosperity, and a sustainable future.

In an era defined by innovation and AI-driven technologies, the Central Region is well-positioned to explore new opportunities through the Sarawak Chamber of Commerce & Industry (SCCI) platform, further advancing human resource training in digital skills, entrepreneurship, and innovation – strengthening its role as a key participant to Sarawak's economic transformation.

The Sarawak Chamber of Commerce & Industry (SCCI) plays a vital role in bridging the government and private sector, ensuring government policies and initiatives are effectively translated into visible achievements. Through initiatives such as AI-driven workshops, SME training programs in collaboration with the Sarawak Business Federation (SBF), and efforts to enhance compliance and efficiency standards, SCCI plays an instrumental role in building capacity in line with PCDS 2030. These initiatives empower SMEs to contribute meaningfully to Sarawak's innovation-led growth agenda.

Under the Regional Corridor Development Authority (RECODA), the Sarawak Corridor of Renewable Energy (SCORE) has been a major catalyst for investment-led growth across Sarawak, strengthening the region's position as a hub for sustainable industries, and renewable energy development. Meanwhile, the Sibu Smart City Action Plan 2030, stimulated by the proposed Bukit Asset Redevelopment will complement these efforts by translating the objectives of PCDS 2030 into regional action through digital innovation, smart infrastructure, and sustainable urban development aligned with Sarawak strategic priorities.

The success of these ambitions relies on collaborative partnerships between government, industry, academia and the community with the private sector playing a crucial role in translating policy objectives into tangible outcomes.

Serving as the nexus between Sarawak's northern and southern growth corridors, Sibu and the Central Region play a pivotal role in driving balanced regional development. With our strategic position and growing potential, Central Region is poised to become a powerhouse for innovation and sustainable growth, propelling Sarawak towards its 2030 goals. Together, we move forward with confidence and unity. Together, we build a prosperous Sarawak, where growth and opportunity reach every corner, from the south and the north to the heart of the Central Region.

Thank you.

Message From

DATO ANDY CHIA CHU FATT

Vice President

Chairman, SCCI Miri Region

Congratulations to SCCI President Datuk Philip Ting and the Organising Chair, Dr Jye Ying Lu for another successful Gala Dinner cum Sarawak Entrepreneur of the Year Awards. Congratulations too to all the winners of this year's award!

2025 has seen Sarawak's continued diversified economic growth with sustainable goals and achievements that have won admirations from both within Malaysia and overseas. The annual revenue of Sarawak is expected to reach RM14 billion for 2025 compared to RM6 billion a few years back. The achievements have brought investors' attention to Sarawak and also to the Miri region. The Kenyalang Smart City project in northern Miri is a private initiated sustainable urban development integrating digital infrastructure, tourism and education. It includes a Lagoon Theme Park, convention centre, AI healthcare facilities and a Fudan University campus and research centres. It is expected to create high value jobs, and attract investment in technology, health, education and hospitality.

The Sarawak government has planned a Beraya Township towards the south of Miri which will include a convention centre, integrated residential, education, and tourism related facilities. There is also a RM200 million Padang Kerbau redevelopment transforming some 200 acres into a sustainable mixed use district. A new road linking Miri, Marudi and Mulu National Park is being constructed. This will boost tourism related economic activities within the region.

The ongoing Kuala Baram river mouth deepening project that will boost the Miri Port and the shipbuilding activities is expected to be completed ahead of schedule towards the end of 2026. The Miri Combine Cycle Gas Turbine project by PETROS that will add up to 500MW of electricity for Sarawak's green energy output is progressing well.

Miri region has therefore a lot to look forward to in 2026 and beyond. We welcome and hope to see many investors and job seekers coming to Miri to help us realise our goals and share our aspirations. We anticipate a productive 2026.

SCCI Miri will continue to play its role to help existing entrepreneurs and those coming to the Miri region. We hope to create a networking platform to serve the needs of the commerce & industries for mutual benefits.

I wish everyone a wonderful, profitable and fruitful evening.

A New Chapter

Datuk Philip Ting Leads SCCI Forward

SCCI welcomes its new President, Datuk Philip Ting, marking the beginning of a new chapter built on collaboration, innovation, and sustainability.

Since taking office, Datuk Philip has hit the ground running — meeting members across Sarawak, listening to their aspirations, and setting a tone of openness, inclusiveness and shared purpose. His message is clear: SCCI's future will be built together — by its members, for its members.

"I wanted to start by listening," he said. "Every member, from Kuching to Miri, has a story, a challenge, and a vision for where we can go as a business community. SCCI's role is to bring those voices together and move forward as one."

A Familiar Face, A Renewed Mission

A respected figure in Sarawak's business community, Datuk Philip Ting is no stranger to the Chamber. Having served ten terms as Deputy President, he steps into his new role with both experience and empathy — and a determination to renew SCCI's sense of direction.

"We have a proud history, but this is also a time to evolve," he reflected. "The world is changing fast. Our members need a Chamber that's agile, inclusive, and future-ready."

Three Pillars of Leadership

Datuk Philip's leadership philosophy is anchored on three guiding pillars — Empowerment, Engagement, and Expansion.

"Empowerment means equipping our members to thrive - through training, digital transformation and sustainable business practices. It's also about creating opportunities for young professionals, Bumiputera entrepreneurs, and women to step forward and lead."

"Engagement is about listening and working closely with government to build a more responsive, enabling business environment."

"And Expansion — that's our outward push. Sarawak has the potential to be a regional force, and SCCI will be the platform that connects our businesses beyond borders."

Driving Sarawak's Economic Vision

Datuk Philip's priorities align closely with Sarawak's Post COVID-19 Development Strategy 2030 (PCDS 2030) — the State's blueprint for sustainable growth.

"Building on the strong foundation laid by my predecessor and our Life President, Dato Sri Abang Haji Abdul Karim bin Tun Datuk Abang Haji Openg, we remain committed to advancing Sarawak's push into renewable energy, green industries, and the digital economy."

SCCI's strength today is the result of his visionary leadership, and the dedication of past and present committee members, and the competence of our Secretariat team. Together, we have shaped a Chamber that is respected, resilient and ready to embrace the next phase of growth for our business community."

A Chamber That Listens and Leads

As SCCI continues to bridge the gap between business and government, Datuk Philip envisions a Chamber that is more accessible, connected, and forward-moving.

"Our members are the heart of SCCI. We exist to serve them — to listen, to support, and to help them grow. But to truly do that, we must first strengthen the Chamber from within - to realign our vision, mission and purpose so that everything we do reflects the needs and aspirations of our members."

"When the Chamber is strong at its core, it can serve with greater clarity, unity and impact. The more connected we are, the stronger our collective voice becomes."

United We Prosper

SCCI's new chapter under Datuk Philip's leadership, is not just about change — it's about shared growth, renewed purpose, and a future built together.

"Progress isn't about moving ahead alone — it's about moving forward together. My vision is for SCCI to be a thriving, inclusive community where collaboration flourishes and opportunities multiply. That's what 'United We Prosper' truly means."

About SCCI

The Sarawak Chamber of Commerce & Industry

Sarawak Chamber of Commerce & Industry (SCCI) was first established in 1951 with the objective of promoting commerce and industry amongst the diverse businesses in the State.

This premier Chamber has grown over the years, with Regional Branches in Sibu, Bintulu and Miri to better serve and connect with members throughout Sarawak.

Bridging between Sarawak's private and public sectors, SCCI's role as the focal point of discussion and collaboration is recognized by the government through its representations at various government agencies. In this, SCCI seeks to engage for greater advocacy and consultation on behalf of its members and the business community in the State.

Through trade missions and the wider Malaysian International Chamber of Commerce and Industry (MICCI), including the BIMP-EAGA Business Council, SCCI is able to create a bigger network of business opportunities for SMEs and member companies.

A founding and active member of Sarawak Business Federation (SBF), SCCI is affiliated to other business associations and councils nationally and internationally.

SCCI is also committed to promote closer integration and harmonisation of markets in this region and the chamber continues to foster greater understanding with our immediate neighbours to further enhance bilateral economic cooperation for growth and mutual benefit.

We thus invite businesses and companies to tap into the database and benefits of the Sarawak Chamber of Commerce & Industry.

"United We Prosper"

BENEFITS OF SCCI MEMBERSHIP

THE SARAWAK CHAMBER OF COMMERCE & INDUSTRY

SCCI is the focal point for discussion and collaboration between government agencies, business organizations, and similar bodies. Members get to enjoy the following benefits:

1

ACCESS

Access to government and business leaders, who see the SCCI as the first Chamber of Commerce representing the business community in the State.

2

NETWORK OF BUSINESS AND INDUSTRY COMMUNITIES

SCCI, as part of the wider Malaysian International Chamber of Commerce and Industry (MICCI), ASEAN Economic Community (AEC) and the BIMP-EAGA Business Council, creates a large network of business opportunities for SMEs and larger companies.

3

LISTING OF MEMBERS

The SCCI maintains a Directory of members and published it on the SCCI Website. Being part of a Chamber of Commerce establishes credibility especially among the regional and international business community.

4

DISSEMINATION OF INFORMATION

The SCCI regularly receives information on trainings, seminars, events, and business opportunities that are disseminated to its members.

5

REPRESENTATIONS

The SCCI is represented in a number of government agencies such as the Employees Provident Fund (EPF), the Malaysia Productivity Corporation (MPC), Sarawak Convention Bureau (SCB), Malaysian Employers Federation (MEF), Malaysian Chamber of Commerce and Industry (MICCI), Special Task Force to Facilitate Business (SAMUDAH), Sarawak Digital Economy Corporation (SDEC), National Legislative Advisory Council (NLAC), Sarawak Biodiversity Corporation (SBC) and National Skills Development Council (MoHR).

These representatives enable members' views to be articulated with a view to improve the public and private delivery system.

SARAWAK ENTREPRENEUR OF THE YEAR AWARDS 2025

(20 years of Celebrating entrepreneurial excellence)

INTRODUCTION

Organized by the Ministry of International Trade, Industry and Investment Sarawak in association with SCCI and EY, this prestigious Awards Program ("EOYS") was first launched in 2004 and is held annually to honour and acknowledge exceptional entrepreneurial talent and leadership. Up to last year, over 80 entrepreneurs from all over Sarawak have been given this recognition.

THE EOYS AIMS TO

1. Recognize the best in business in Sarawak, i.e. the prime movers that drive the State's path towards economic growth;
2. Recognize the success of up and coming entrepreneurs, who through their ingenuity, ideas, resourcefulness, commitment and hard work, have built their businesses which contributed to the growth of our State's economy; and
3. Encourage the growth of small and medium scale industries in Sarawak.

EMPHASIS IS ON THE INDIVIDUAL'S ATTRIBUTES OVER THE COMPANY'S AND IN GENERAL COVERS AMONGST OTHERS

- Demonstration of purpose-driven leadership and entrepreneurial spirit – vision, dedication as well as intelligent risk taking;
- Company milestones with consideration of industry obstacles and each entrepreneur's ability to overcome adversity;
- Corporate culture, values and incentives;
- Unique or innovative characteristics of the Company;
- Financial performance, growth record and strategic direction;
- Impact of business on the State's economy;
- Environmental, social and governance initiatives, reputation and contribution to the community that demonstrate the characteristics of a good model corporate citizen;
- Resilience in facing the uncertainties of the business environment, both globally and domestically; and
- Embracing modern technology to enhance efficiency and transformation in the business.

THE CATEGORIES ARE

EMERGING ENTREPRENEUR

business is between 3 to 5 years old or entrepreneur is aged 35 or under at the time of close of nomination

MASTER ENTREPRENEUR

maintained management excellence over a sustained period, business founded more than 5 years ago

EXCELLENT ENTREPRENEUR (BEYOND SARAWAK)

running a successful business outside Sarawak or overseas

For the recipients of this award, EOYS is an opportunity to network with business peers as well as have access to valuable media coverage, raising personal and company profiles. More importantly, be recognized for the success.

In the past, the EOYS Adjudicating Committee have nominated recipients of the EOYS Awards to represent Sarawak at the EY Entrepreneur of the Year ("EOY") Malaysia Awards, a global business awards programme that recognizes and showcases the extraordinary achievements of Malaysian entrepreneurs. It also provides a platform for inspiring entrepreneurs, innovative thinkers and game-changers to come together, share and engage while building their network.

Some of the past EOY Malaysia country winners such as YBhg Tan Sri Dato' (Dr) Francis Yeoh, YBhg Tan Sri Dato' Sri Tony Fernandes and YBhg Tan Sri Dr Ngau Boon Keat have gone on to represent Malaysia at the global EY EOY Awards in Monte Carlo.

In 2025, we shall be honouring several recipients, under the Master and Outstanding Entrepreneur categories.

Master Entrepreneur :

- Mr Jordan Ong Chung Siang (representing SME Association of Sarawak (SME))

- Mr Chan Mou Kei (representing Sarawak Chamber of Commerce & Industry (SCCI))

Outstanding Entrepreneurship Award 2025 :

- Dato Prof (Dr) Lau Siu Wai

MASTER ENTREPRENEUR

Mr Jordan Ong Chung Siang

WB RESOURCES SDN. BHD.

Representing SME Association of Sarawak

The Nominee

Jordan Ong Chung Siang is a visionary Sarawakian entrepreneur who has successfully transformed WB Resources Sdn. Bhd. into a dynamic and trusted player in the region's technology and business landscape. As Managing Director, he has demonstrated an exceptional ability to identify emerging opportunities and translate them into long-term, sustainable growth.

Under his stewardship, WB Resources evolved from a professional audio-visual system integrator into a diversified technology enterprise offering digital solutions, technology consulting, project management and advanced technology integration. His entrepreneurial foresight and resilience have enabled the company to thrive amid rapid market shifts, establishing a solid reputation for quality, innovation and customer-centricity.

Since assuming leadership, Jordan has driven WB Resources towards strategic diversification and sustained growth. His focus on quality assurance, operational excellence and after-sales support has elevated the company's credibility across industries. He also spearheaded the company's digital transformation, integrating advanced technologies that enhanced operational efficiency and client engagement; positioning WB Resources as a forward-looking, technology-enabled business.

The Company

WB Resources Sdn. Bhd. was founded with a vision to deliver high-tech, integrated products and services that bring tangible value to clients. Guided by Jordan's leadership, the company has expanded into multiple sectors, aligning its capabilities with Sarawak's evolving industrial and technological landscape.

The company's journey was marked by challenges common to growing enterprises — navigating market volatility, sustaining financial health and maintaining quality standards amid expansion. Jordan managed these challenges through prudent risk assessment, innovation-led strategies and a people-focused approach that strengthened both client trust and staff loyalty.

Today, WB Resources stands as a multi-sector enterprise with a diversified portfolio and a strong market presence. The company's continued success reflects Jordan's strategic acumen and ability to balance innovation with sound business management.

Innovative Approaches

Innovation has always been the cornerstone of Jordan's leadership. Under his guidance, WB Resources embraced digital transformation — introducing integrated technology systems that streamline workflows, enhance transparency and strengthen customer engagement.

By fostering a solutions-driven culture, Jordan ensures that every project delivers both functional excellence and strategic value. This commitment to continuous innovation differentiates WB Resources from competitors and reinforces its position as a trusted partner across industries.

Growth Strategies

Jordan's vision for WB Resources is anchored in sustainable and inclusive growth. His strategies focus on diversification, strategic partnerships, and global connectivity. By aligning the company's operations with Sarawak's Post COVID-19 Development Strategy (PCDS) 2030, he ensures WB Resources contributes meaningfully to the state's aspiration of becoming an innovation-led, developed economy.

He continues to expand the company's network through collaborations with local and international partners, opening new market opportunities and strengthening long-term competitiveness. His forward-looking approach ensures that WB Resources remains agile, adaptable and relevant in an evolving economic landscape.

The Management

Jordan has cultivated a capable and forward-thinking management team that shares his commitment to excellence and innovation. He empowers his leaders to make data-driven decisions while fostering accountability, collaboration, and adaptability.

This synergy between management and leadership has been instrumental in driving consistent growth, operational efficiency and long-term organizational resilience. Jordan's emphasis on leadership development has created a culture where every manager contributes actively to the company's strategic direction and values.

The People and Culture

At WB Resources, Jordan promotes a culture grounded in trust, teamwork and continuous learning. He actively invests in employee development through training, mentorship and career advancement programs.

His commitment to nurturing young Sarawakians has led to the establishment of internship and on-the-job training opportunities, helping to build a skilled local workforce. The company's inclusive and empowering environment encourages creativity, initiative and shared ownership; qualities that continue to drive WB Resources' success.

Economic Impact

Under Jordan's leadership, WB Resources has made a notable contribution to Sarawak's economy by supporting high-value local projects, generating employment and engaging local suppliers.

The company's sustained growth has strengthened regional competitiveness and created opportunities for smaller businesses through subcontracting, knowledge-sharing and industry partnerships. By prioritising local participation, WB Resources helps to develop Sarawak's talent pool and industrial capacity in alignment with broader state objectives.

Environmental, Social and Governance (ESG) Initiatives

Jordan integrates corporate responsibility and good governance into the company's business philosophy. His leadership ensures that WB Resources upholds ESG principles through ethical conduct, community empowerment and environmental consciousness.

He actively supports social initiatives focused on youth development, entrepreneurship and education reinforcing the company's role as a responsible corporate citizen committed to community progress. This holistic approach reflects his belief that business success and societal advancement must go hand in hand.

Resilience

Jordan's adaptability has been a defining strength in navigating economic uncertainties. Through diversification, digitalisation and forward planning, WB Resources has remained stable even during challenging market conditions.

His pragmatic leadership ensures operational continuity while sustaining growth momentum. This resilience has allowed the company to evolve with confidence and maintain strong stakeholder trust throughout changing business cycles.

Transformation through Modern Technology

Technology adoption lies at the heart of WB Resources' transformation. Jordan has championed the use of advanced digital tools in project management, customer engagement and internal communications enhancing efficiency, transparency and responsiveness.

These efforts have positioned WB Resources as a model of digital readiness within Sarawak's SME sector, proving that innovation and sustainability can coexist at the core of business success. Under Jordan's leadership, the company continues to embrace change, redefine boundaries and shape the future of technology-driven enterprise in Sarawak.

MASTER ENTREPRENEUR

Mr Aaron Tay Kok Tung

TAY MOTORS (M) SDN. BHD.

Representing Kuching Chinese

General Chamber of Commerce & Industry

The Nominee

Mr. Aaron Tay Kok Tung is a Sarawakian entrepreneur whose achievements in business and community service have earned him widespread respect across the state. At just 40 years old, he serves as the Director of several successful companies: Tay Motors (M) Sdn. Bhd., Borneo Wei Chiang Sdn. Bhd., and Tay Motors, all specialising in the sales and servicing of motorcycles.

Since founding his first business in 2009, Aaron has led with vision and determination, transforming his enterprises into trusted brands within Malaysia's motorcycle industry. His reputation for reliability, innovation, and customer commitment has established him as one of the most influential young business leaders in East Malaysia.

The Company

Aaron's businesses have grown steadily over 15 years, achieving significant milestones in both market share and regional reach. Between 2018 and 2024, his companies recorded combined motorcycle sales of 34,234 units, averaging nearly 4,900 units annually, with projections indicating more than 5,000 units in 2025.

His companies' success stems from strong customer relationships, high professional service standards, and a deep understanding of market needs in Sarawak and Borneo.

Innovative Approaches

Aaron's business growth is driven by an innovative approach to sales and brand partnerships. Under Edaran Modenas, his company achieved Platinum Dealer status for two consecutive years (2023 and 2024), averaging 544 motorcycles sold annually. Similarly, under MForce Bike Holdings, Tay Motors became a Platinum Dealer and was ranked 4th nationwide in 2019, 2022, and 2023.

His leadership also introduced high-value retail innovations, including the launch of the first KTM Flagship Store in Borneo (2021), the TIMSUM Franchisee for Kuching (2022), and the first MForce Best Shop in Borneo (2023). All of these initiatives helped to elevate the motorcycle retail experience in East Malaysia.

Growth Strategies

Aaron's long-term strategy focuses on continuous business expansion and strategic partnerships with national brands. His emphasis on quality, service excellence, and regional diversification has driven year-on-year growth.

He continues to explore franchise development opportunities, service diversification, and regional dealership networks to sustain momentum and strengthen his business presence across Sarawak and Sabah.

The Management

Aaron adopts a hands-on leadership approach grounded in teamwork and performance accountability. His ability to build strong management teams has enabled his businesses to maintain consistent sales performance and high service standards across multiple brands and locations.

His inclusive management philosophy empowers employees to innovate and take ownership of their work, thereby driving overall efficiency and customer satisfaction.

The People and Culture

Aaron prioritises workforce development and community connection. His teams receive regular product training, customer service coaching, and exposure to new technologies from leading manufacturers. This investment in people ensures both professional growth and business sustainability.

His culture of discipline and respect reflects his entrepreneurial journey — one built on perseverance, humility, and shared success.

Economic Impact

Aaron's companies contribute significantly to Sarawak's economic ecosystem. In addition to creating employment, they serve as major distributors, connecting global brands with local consumers and supporting both upstream and downstream supply chains.

By sustaining sales volume and service excellence, Aaron's enterprises have boosted local spending and strengthened Sarawak's position in the national motorcycle retail sector.

Environmental, Social and Governance (ESG) Initiatives

Aaron demonstrates a deep commitment to social responsibility and community development. He actively supports health and welfare causes through initiatives such as the Malaysian Red Crescent Society's blood donation campaigns, for which his company received the Lam Siong Khan Challenge Trophy for three consecutive years (2022–2024).

Beyond philanthropy, Aaron contributes significantly to youth and community leadership. He has served as Chairman of the Sarawak Basketball Association and the Kuching Division Basketball Association since 2018 promoting sports and youth development. Additionally, he leads the Youth Section of the Federation of Chinese Associations Sarawak, which covers Kuching, Samarahan, and Serian. In 2023, he

was appointed as a Councillor for the Padawan Municipal Council (MPP), further — reflecting his dedication to public service.

His outstanding civic contributions have been recognised with multiple honours, including the Ahli Bintang Kenyalang (ABK) from the Sarawak Government (2021), the Leadership Excellence Award (2025), and the Golden Bull Award for outstanding Malaysian businesses.

Resilience

Aaron has demonstrated strong resilience amid economic fluctuations and market competition. His ability to maintain consistent sales growth from 2018 to 2024, despite industry volatility, reflects solid business fundamentals and adaptive management.

Transformation through Modern Technology

Aaron embraces digital tools and online engagement to enhance customer experience and operational management. His dealerships leverage digital marketing platforms, streamline inventory tracking, and provide online customer service to ensure efficiency.

MASTER ENTREPRENEUR

Mr Goh Kim Sin

TOP GREEN CONSTRUCTION DEVELOPMENT SDN BHD
Representing Sarawak Housing and
Real Estate Developers' Association

The Nominee

Mr. Goh Kim Sin, Group Managing Director of Top Green Group, is a Sarawakian entrepreneur whose life story embodies resilience, discipline, and visionary leadership. Born in Putien, Fujian, China, he arrived alone in Kuching at the age of ten and, through determination and perseverance, built a distinguished career in business spanning multiple industries.

His entrepreneurial journey began with the founding of Teck Lee Seng, a coffee manufacturing enterprise that launched Kopi Cap Tangan in 1968 — a brand that has since become a beloved household name in Sarawak. His expansion into fast-moving consumer goods distribution across Sarawak and Sabah laid the foundation for his future success, sharpening his instincts in business operations, leadership, and strategic diversification.

Mr. Goh's approach is rooted in hands-on leadership, meticulous attention to detail, and leading by example. These early experiences shaped his philosophy of building long-term trust through operational excellence and ethical business conduct.

In the early 2000s, Mr. Goh co-founded Top Green Group, bringing together professionals, engineers, and architects to deliver high-quality residential developments. Under his leadership, the Group has completed over 2,000 housing units across Kuching and Kota Kinabalu. Its portfolio includes Green Gate Residences, The Garcinia at Tabuan Tranquility, Tropical Height, Greenery Heights, and Taman Ceraf in Kota Kinabalu. The company's landmark projects — Canggih Heights condominium and Canning Residences in Tabuan Jaya — showcase its evolution into premium and lifestyle-focused property development.

The Company

Top Green Group was established with a vision to create sustainable, community-centred residential developments in East Malaysia. Through strategic

leadership and teamwork, the company has grown into one of Sarawak's most trusted names in the property development sector.

Like many property developers, Top Green has navigated economic fluctuations, regulatory changes, and the market slowdown during the COVID-19 pandemic. Mr. Goh's steady leadership ensured business continuity by embracing digital tools, streamlining operations, and enhancing agility to sustain performance through uncertainty.

Under Mr. Goh's stewardship, Top Green Group has maintained consistent project delivery and client satisfaction. The company's focus on design quality, ethical practices, and community value has built its strong market reputation.

Innovative Approaches

Top Green integrates innovation across both design and management, creating modern, lifestyle-oriented developments that reflect evolving market expectations.

During the COVID-19 period, the company accelerated its digital transformation, adopting new tools for project coordination and customer engagement to enhance operational efficiency.

A key innovation is the implementation of Building Information Modelling (BIM), which enhances precision in planning, reduces material wastage, and ensures timely project delivery. This advanced digital platform enables realistic 3D visualisation before construction begins, facilitating seamless coordination among architects, engineers, and contractors. By identifying potential design clashes early, BIM improves efficiency, reduces rework, and optimises resource allocation — resulting in better cost control and smoother execution. It also supports sustainability goals by allowing the testing of energy performance and environmental impact during the planning stage, and remains valuable for facility management after project completion.

Complementing BIM, Top Green employs drone photogrammetry and overlay technology for high-precision aerial mapping and real-time site monitoring. This integration ensures accurate progress tracking, early detection of discrepancies, and stringent quality assurance throughout every stage of development.

Growth Strategies

Mr. Goh's vision is to position Top Green Group as a regional leader in sustainable residential development, focusing on long-term value creation, quality over quantity, and community well-being.

In line with this growth strategy, the company is strengthening its presence across Sarawak and Sabah, with over 2,000 new housing units planned in key emerging areas. Strategic expansion is underway in growth corridors such as Moyan and Jalan Stephen Yong in Kuching, as well as along Jalan Tuaran Bypass in Kota Kinabalu—locations carefully chosen for their rising development potential and alignment with the Group's vision of creating family-oriented, lifestyle-driven communities.

Top Green has also expanded its portfolio with projects such as Canning Residences, a luxury condominium in Tabuan Jaya, Kuching, that redefines modern urban living through generous layouts, elegant architecture, and resort-inspired facilities. The success of Canning Residences reflects the Group's ability to evolve with market trends and meet the rising demand for high-quality, sustainable developments.

The Management

Mr. Goh leads a team of experienced professionals and experts from engineering, architecture, and project management backgrounds. His leadership style combines strategic oversight with close involvement in project execution.

He empowers his management team to maintain the company's standards while ensuring accountability and collaboration. This team-based approach has been key to delivering projects efficiently and upholding Top Green's reputation for quality.

The People and Culture

Top Green's corporate culture mirrors Mr. Goh's own values — integrity, collaboration, and excellence. He believes in building people alongside projects and actively mentors his team to foster professionalism, teamwork, and continuous improvement.

Beyond the workplace, Mr. Goh's belief in the power of education drives his philanthropic contributions. Despite his limited formal education, he has sponsored scholarships and funded classroom and facility construction, often choosing anonymity to prioritise impact over recognition.

Economic Impact

Through Top Green Group's operations, Mr. Goh has contributed significantly to Sarawak's housing development and job creation. The company's projects improve housing access, elevate construction

standards, and stimulate the local economy by engaging local suppliers and contractors.

Environmental, Social and Governance (ESG) Initiatives

Mr. Goh upholds ethical business practices and responsible development as core values of Top Green's operations. The company supports community growth through education, local employment, and social initiatives.

Committed to sustainability, Top Green integrates green design principles in all its projects, emphasising energy efficiency, natural ventilation, and eco-friendly materials. Its latest development, Canning Residences, reflects this vision with LED lighting, natural daylighting, solar-powered outdoor areas, and energy-saving systems in shared spaces. Inverter air-conditioning systems and durable, low-maintenance materials further enhance efficiency and longevity. The project also includes common EV charging areas and EV-ready units, encouraging clean transport and supporting Sarawak's low-carbon transition.

Beyond environmental efforts, Mr. and Mrs. Goh contribute actively to social development. Mr. Goh has sponsored scholarships and education facilities for underprivileged children, while Mrs. Goh, as a Director of Top Green, supports the Tzu Chi Association's health and community welfare programs. Together, they embody the belief that business success must align with social responsibility and meaningful community impact.

Resilience

Throughout economic cycles and the COVID-19 crisis, Mr. Goh's calm and decisive leadership ensured the company's resilience. By adopting digitalisation and adaptive planning, Top Green maintained operations and continued delivering projects without compromising safety or quality.

Transformation through Modern Technology

Top Green has embraced digital tools to enhance project management, operational transparency, and customer engagement. Under Mr. Goh's leadership, these initiatives have strengthened coordination, improved cost management, and streamlined client communication.

In addition to BIM and drone photogrammetry and overlay technology mentioned in the Innovative Approach section, Top Green is also adopting digital marketing platforms such as Facebook and Instagram to expand outreach and strengthen brand visibility. The company also utilises virtual walkthrough platforms like Matterport, enabling customers to experience projects in immersive 3D environments.

Top Green's latest development, Canning Residences, integrates smart home technologies that enhance comfort, security, and energy efficiency — reflecting the company's forward-looking approach to sustainable and modern lifestyle design.

MASTER ENTREPRENEUR

Mr Tommy Raymond Jok

FASTART SDN. BHD.

Representing Orang Ulu Chamber
of Commerce and Industry

The Nominee

Tommy Raymond Jok is a Sarawakian entrepreneur distinguished for his ability to transform challenges into opportunities. Since assuming leadership of Fastart Sdn. Bhd. in 2003, he has spearheaded the company's remarkable evolution from a traditional timber and construction enterprise into one of Malaysia's leading Bumiputera oil and gas maintenance service providers.

Guided by a clear strategic vision and deep industry insight, Tommy successfully repositioned Fastart to serve both upstream and downstream sectors. His entrepreneurial aptitude is marked by foresight, innovation, and a steadfast commitment to operational excellence.

Under Tommy's leadership, Fastart diversified into structural and piping works, civil construction, industrial rope access, and blasting and painting services. The company became an IRATA-certified member in 2014, reflecting its adherence to international safety and technical standards. Among its most notable achievements, Fastart received the Silver Award (Large Category) at the Sarawak Chief Minister's Industry Excellence Awards 2021, underscoring its strong operational performance and contribution to the state's economic growth.

The Company

Established initially as a timber and construction company, Fastart Sdn. Bhd. charted a new course

under Tommy's leadership. Recognising the potential of Sarawak's expanding energy sector, he strategically redirected the company toward the oil and gas industry.

This transformation required overcoming multiple challenges — from meeting industry-specific compliance requirements to retraining the workforce and establishing credibility among major clients. Tommy addressed these hurdles through sound risk management, targeted upskilling, and a culture of continuous improvement.

Over the years, Fastart has recorded steady growth, diversified its service offerings, and built a strong reputation for reliability and excellence. The company's long-term partnerships and consistent delivery of quality projects stand as a testament to its solid performance under Tommy's stewardship.

Innovative Approaches

Tommy has embedded innovation into Fastart's corporate DNA. He introduced digital project management systems and ISO 9001 quality frameworks, improving efficiency, transparency, and project outcomes.

Fastart's venture into the Honeywell Tank Gauging System and Services for the downstream market demonstrates its ability to identify and lead in niche areas. This strategic move set the company apart from competitors while solidifying its reputation as a forward-thinking service provider.

Growth Strategies

Tommy's vision is to position Fastart as a multi-disciplinary engineering and maintenance firm with sustainable, technology-driven growth. His strategy combines diversification, investment in modern technology, and talent development.

Fastart has expanded into civil construction and infrastructure maintenance, covering roads, bridges, and building works. The company's roadmap emphasises steady regional expansion, capability enhancement, and stronger collaboration with key industrial and government stakeholders.

The Management

A cornerstone of Fastart's success is its cohesive management team, built under Tommy's direction. The team comprises experienced leaders in engineering, operations, HSE, and finance who embody accountability and teamwork.

Through his inclusive leadership style, Tommy has cultivated a decision-making environment that is agile, transparent, and performance-oriented — ensuring timely execution and strong alignment across all departments.

The People and Culture

Tommy believes that people are the company's greatest asset. Fastart's performance-driven culture emphasises continuous learning, mentorship, and leadership development. Employees are encouraged to take ownership of their work, innovate, and grow alongside the company.

Fastart also supports local employment and partners with regional subcontractors, while facilitating technical training programs for youth in rural communities. These initiatives not only enhance workforce capability but also reflect Tommy's commitment to inclusive growth and community empowerment.

Economic Impact

Fastart's growth has contributed meaningfully to Sarawak's economy through job creation, skills development, and local supply chain engagement. Its projects strengthen the state's industrial base, particularly in the oil and gas sector, while fostering opportunities for Bumiputera participation in high-value industries.

Environmental, Social and Governance (ESG) Initiatives

Tommy ensures that Fastart's business practices align with ESG principles. The company integrates environmental stewardship, safety, and ethical governance into its operations. Its initiatives include adopting responsible waste management practices,

promoting workplace safety, and participating in local community programs.

By embedding sustainability into its business model, Fastart continues to demonstrate corporate responsibility and long-term value creation.

Resilience

The COVID-19 pandemic tested business continuity across industries, yet Fastart remained resilient under Tommy's leadership. He swiftly introduced remote coordination tools, enforced enhanced safety protocols, and ensured operational stability without compromising employee welfare.

This adaptability allowed Fastart to maintain client trust and deliver projects on schedule, underscoring its crisis-management strength and resilience.

Transformation through Modern Technology

Technology adoption is a defining element of Fastart's transformation. Tommy led the implementation of digital project tracking, resource management, and quality assurance tools, resulting in higher efficiency, improved transparency, and reduced operational downtime.

By embracing modern technology, Fastart has strengthened its competitive edge and established itself as a forward-looking, digitally enabled service provider in Sarawak's industrial landscape.

MASTER ENTREPRENEUR

Mr Chan Mou Kei

MEGA COACH SDN. BHD.
Representing Sarawak Chamber
of Commerce & Industry

The Nominee

Mr. Chan Mou Kei is the Managing Director of Mega Coach Sdn. Bhd., a Sarawak-based transportation company that plays a pivotal role in supporting industrial operations, particularly in the Samalaju Industrial Zone. His leadership reflects innovation, operational excellence, and strong community commitment, positioning the company as a strategic enabler of Sarawak's industrial and economic growth.

Through hands-on leadership and deep operational insight, Mr. Chan has transformed Mega Coach into a trusted service provider for large-scale employee transport solutions. His focus on efficiency, safety, and reliability has cemented the company's reputation as an indispensable logistics partner for major industries.

The Company

Mega Coach Sdn. Bhd. was incorporated in October 2006, initially focusing on bus and coach body manufacturing before expanding into workforce transportation services. Headquartered in Kuching with a branch office and workshop in Bintulu, the company serves major industrial clients, particularly within the Samalaju Industrial Zone.

Over the years, Mega Coach has evolved into a trusted provider of large-scale employee transportation, ensuring dependable and safe mobility that supports the daily operations of Sarawak's industrial workforce.

Founded by a team of industry veterans with extensive experience in bus manufacturing and operations, the company has built and sold more than 100 buses across Sabah and Sarawak, earning a strong reputation for efficiency, reliability, and service quality.

Innovative Approaches

Mega Coach leverages technology to enhance operational efficiency and service quality. The company employs a smart fleet management system with GPS tracking and predictive maintenance to minimise downtime and optimise fuel consumption. Routes are planned based on real-time traffic conditions and employee shift data, while a digital scheduling platform allows client HR teams to manage transport needs seamlessly.

To ensure transparency and accountability, the company provides monthly performance reports and driver performance dashboards that support continuous improvement. Additionally, Mega Coach has upgraded its fleet with EURO 5 Green Engines, classified as Enhanced Environmentally Friendly Vehicles (EEV), which significantly reduce emissions and contribute to cleaner, more sustainable industrial operations.

Growth Strategies

Under Mr. Chan's leadership, Mega Coach continues to expand its reach and strengthen client relationships through customised service offerings.

and real-time performance dashboards. The company has extended its operations to Bintulu town and surrounding industrial zones, reflecting its broader responsibility to Bintulu's development as well as reinforcing its role as a key transport partner for Sarawak's industrial sector.

Mega Coach is also modernising its fleet by introducing mid-size vans, ad hoc charter services, and technology-driven upgrades to enhance efficiency and flexibility. Looking ahead, the company plans to further expand its fleet and adopt sustainable transport solutions in alignment with Sarawak's Green Economy agenda, ensuring long-term growth and environmental responsibility.

The Management

Mr. Chan's leadership is central to Mega Coach's continued success. His hands-on, people-first management style fosters a culture of accountability, trust, and teamwork across all levels. The management team — including drivers, mechanics, and administrative staff — works cohesively to deliver safe, efficient, and scalable operations.

The People and Culture

Mega Coach exemplifies a people-centric philosophy that places employees at the heart of its operations. The company invests significantly in driver training, particularly in areas of safety, customer service, and compliance, ensuring every team member upholds its commitment to quality and reliability.

Beyond technical training, Mega Coach fosters a culture of professionalism, loyalty, and teamwork among its employees, which include skilled mechanics, administrative personnel, and operational staff who work collectively to maintain service excellence.

The company also promotes staff welfare and career development through structured internal programs, encouraging continuous learning and advancement. This people-focused approach has cultivated a highly committed workforce, reinforcing Mega Coach's reputation as a trusted and responsible employer within Sarawak's transport industry.

Economic Impact

Mega Coach plays a crucial role in enabling daily workforce mobility for major industrial clients such as OCIM, Press Metal, Sakura, and OM Materials, ensuring smooth plant operations and productivity.

The company creates employment opportunities, supports the local supply chain, and contributes to economic circulation through spending on fuel,

maintenance, and services. Its work connects rural workers to industrial jobs and sustains operational reliability for Sarawak's major industrial zones.

Environmental, Social and Governance (ESG) Initiatives

Mega Coach demonstrates a strong commitment to environmental sustainability and community development. By consolidating worker transportation, the company effectively reduces road congestion, fuel consumption, and carbon emissions, contributing to a cleaner environment and improved infrastructure efficiency. Its investment in green engine technologies further reinforces its dedication to sustainable operations and responsible resource management.

Beyond its core business, Mega Coach actively supports the community through corporate social responsibility (CSR) initiatives and local employment opportunities. In 2025, the company sponsored the Bintulu Primary School District Badminton Team, which represented the district at the Sarawak State Level Tournament in Limbang from 27–31 July 2025. This sponsorship, which covered transport, accommodation, and related costs, reflects Mega Coach's commitment to youth development, sports promotion, and community well-being.

Through such initiatives, Mega Coach continues to exemplify social responsibility and alignment with Sarawak's sustainable growth and ESG agenda.

Resilience

Mega Coach has proven resilient amid market fluctuations by maintaining operational stability, diversifying its fleet, and leveraging technology for real-time performance monitoring. Such adaptability ensures long-term sustainability and client confidence.

Transformation through Modern Technology

The adoption of GPS-enabled fleet systems, digital dashboards, and predictive maintenance tools exemplifies Mega Coach's commitment to modernisation. These innovations improve service efficiency, reduce costs, and enable data-driven decision-making — reinforcing its position as a forward-looking transportation leader in Sarawak.

OUTSTANDING ENTREPRENEURSHIP AWARD 2025

Dato Prof (Dr) Lau Siu Wai

MIRI HOUSING DEVELOPMENT REALTY SDN BHD

A Legacy of Vision, Perseverance, and Transformation

Dato Prof (Dr) Lau Siu Wai's name is synonymous with Miri's transformation from a modest oil town into one of Sarawak's most vibrant and modern cities. At 95, his entrepreneurial spirit remains as sharp as ever, a living testament to lifelong resilience, discipline, and a vision that has shaped generations.

Born in 1931 in Zhaozhou, Guangdong, China, Lau came to Miri alone in 1953 to work for Sarawak Shell Oilfield Ltd. Starting as a typist and later progressing to the engineering department, he exemplified self-discipline and a commitment to lifelong learning, earning his Cambridge Higher School Certificate as a private candidate, an early indication of his determination to transcend limitations.

When retrenched in 1964, Lau turned adversity into opportunity by founding his own civil engineering and construction business. In 1966, he launched Merbau Garden, Miri's first major housing project, which pioneered the city's modern housing landscape and set the stage for what would become a lifelong journey of nation-building through property development.

Building Miri's Urban Skyline

Over the next five decades, Lau's leadership of the Miri Housing Development Group of Companies produced an unparalleled portfolio of residential

and commercial projects, with total development expenditure exceeding RM 2.7 billion. His group has completed over 15,000 residential and commercial units, creating thriving communities that define the Miri skyline today.

Among his signature developments are Merbau Garden, Piasau Garden, Hilltop Garden, Lai Pau Garden, King's Park, Bintang Jaya Commercial Centre, Bintang Megamall, Meritz Hotel, and Desa Senadin Mixed Development. The latter alone comprises more than 30,000 units built, with another 1,200 in progress.

Lau's entrepreneurial courage is perhaps best illustrated by his ability to persevere through the 1970s oil crisis, rising material costs, and various business setbacks. His resilience — even surviving on leftover food during financial hardship — embodies a rare strength of character.

Champion of Education and Human Capital

Education has always been central to Lau's life philosophy. In 1964, after his retrenchment, he co-founded the Miri Private Secondary School to provide underprivileged children a second chance at learning. Although he later left the school, his belief in education as a tool for empowerment remained steadfast.

In 1998, Lau spearheaded one of his proudest legacies — the establishment of Curtin University

Malaysia, the first international branch campus in Borneo. His vision transformed Miri into an educational hub, attracting thousands of students and educators from around the world.

He further contributed to the creation of Tenby International School (2012) and played key roles in founding Pei Min Middle School and Riam Road Secondary School. His academic achievements include PhDs in Engineering Technology, Business Administration, and Project Management from InterAmerican University, as well as honorary doctorates from Hanshan Normal University and other institutions.

Resilience and Global Recognition

A true innovator, Lau's story is one of constant reinvention. From property to education and hospitality, his ventures have redefined standards for quality, sustainability, and community well-being.

His resilience through multiple business failures, and his ability to turn each setback into success, epitomise the entrepreneurial spirit celebrated by this award. He often says, "Failure is just a chance to improve — the word 'impossible' is not in my dictionary."

Today, his sons manage the group while he remains an active mentor and guiding presence. His story continues to inspire a new generation of Sarawakian entrepreneurs to pursue excellence with humility and courage.

Philanthropy and Community Service

Beyond business, Dato Prof (Dr) Lau Siu Wai is a firm believer in giving back to society. He has made significant contributions to healthcare and welfare organisations, including ongoing support for the Miri Palliative Association, which provides home-based care, hospital beds, and equipment to cancer patients.

A lifelong advocate for education, he continues to sponsor scholarships and school facilities, often doing so anonymously. His community engagement and philanthropy exemplify responsible entrepreneurship grounded in compassion and service.

Legacy of Excellence

Over 72 years in Miri, Lau has built more than just businesses — he has built institutions, communities, and hope. His vision transformed Miri into a hub for commerce, housing, and education; his perseverance through adversity has set a benchmark for leadership; and his humility has earned him admiration across generations.

At 95, Dato Prof (Dr) Lau Siu Wai remains a living symbol of Sarawak's entrepreneurial spirit — a man of iron will, boundless faith, and enduring purpose.

President's New Year 2025 Message

Dear Members,

Happy New Year 2025!

On behalf of the Sarawak Chamber of Commerce & Industry's Office Bearers, Vice Presidents, Committees, and Staff, I would like to extend my gratitude for your steadfast support throughout 2024. The strength of SCCI lies in its members, and it is this unwavering support that has enabled us to achieve remarkable milestones over the past year. Together, we move into 2025 with renewed commitment to advancing the interests of the business community in Sarawak.

2024 was a dynamic year filled with opportunities to build meaningful connections and foster partnerships. SCCI had the honor of hosting courtesy visits and engagements with:

- Embassy of Ukraine (15 February 2024)
- Latin American Ambassadors (29 February 2024)
- Mahsuri Dagang Sdn Bhd (12 June 2024)
- CIMB Islamic Bank Berhad (1 July 2024)
- Embassy of the Kingdom of Netherlands in Malaysia (11 July & 12 September 2024)
- Standard Chartered (27 August 2024)
- British High Commission Kuala Lumpur (22 October 2024)
- Embassy of Argentina (18 December 2024)

These engagements have facilitated dialogues and collaborations that strengthen Sarawak's position on the global stage, providing our members access to international insights and opportunities.

In line with our mission to support members throughout Sarawak, we intensified regional outreach efforts in 2024. Highlights include the SCCI Business Dialogue with the Premier of Sarawak in Bintulu on 22 July 2024, the SCCI Miri Networking Luncheon on 10 December 2024, and the SCCI Bintulu Dialogue Session on 12 December 2024. These initiatives reaffirm our commitment to ensuring members across Sarawak benefit from SCCI's programs and efforts.

Our year culminated in the SCCI Gala Dinner cum Sarawak Entrepreneur of the Year 2024 Awards Presentation on 11 December 2024 at BCKK, where we celebrated the achievements of outstanding award recipients. Their accomplishments exemplify the entrepreneurial spirit and innovation that drive Sarawak's economic growth.

Through SAMUDAH, our efforts are now geared towards implementing actionable frameworks that empower members to actively contribute to the economic transformation outlined in PCDS 2030 while enhancing their business resilience and capacity to adapt to evolving market demands.

As we step into 2025, the anticipated launch of Wisma SCCI remains a key milestone. This project symbolizes SCCI's commitment to innovation and growth and will serve as a dynamic hub for business collaboration and development.

To our valued members, thank you once again for your active participation and contributions. Together, let us make 2025 another extraordinary year for SCCI and the business community in Sarawak. *United We Prosper!*

SCCI Contributes to Flood Relief Initiatives

In a show of solidarity with flood-affected communities in Bintulu, SCCI contributed RM30,000 in aid during a cheque presentation at the SCCI Office on 5 March 2025.

The cheque was officially handed over by SCCI President, Dato Sri Abang Haji Abdul Karim Bin Tun Datuk Abang Haji Openg, to the Sarawak State Disaster Management Committee (SDMC) through Abang Zainudin Bin Haji Abang Turkey, Deputy Resident of Bintulu. He was accompanied by SCCI Committee Member Dato Ir. Alex Ting.

This initiative underscores SCCI's commitment to aiding disaster relief efforts and providing meaningful support to those in need.

SwinTalk Series: AI in Enhancing Industry Competitiveness and Sustainability

Swinburne University of Technology Sarawak, with support from the Sarawak Chamber of Commerce and Industry (SCCI), hosted an insightful session on AI in Enhancing Industry Competitiveness and Sustainability at Swinburne Kuching on 19 March 2025.

Deputy President of SBF & SCCI, Datuk Philip Ting led the delegation at the event which saw strong participation from SBF and SCCI members.

Discussions highlighted AI's role in driving business growth, optimizing operations, and strengthening resilience for sustainable success.

March 24, 2025

SBF & SCCI Buka Puasa Gathering

The Sarawak Business Federation (SBF) and Sarawak Chamber of Commerce & Industry (SCCI) hosted a Buka Puasa gathering on 24 March 2025 at The Waterfront Hotel Kuching, uniting over 45 member representatives in an evening of camaraderie and celebration.

Members had the honor of joining Dato Sri Abang Haji Abdul Karim Bin Tun Datuk Abang Haji Openg, President of SBF & SCCI, in breaking fast and engaging in meaningful conversations.

April 30, 2025

Online Meeting with the British High Commission

An online meeting was held between the Sarawak Chamber of Commerce & Industry (SCCI) and the British High Commission, led by the Economic Advisor Ms Adelene Teo on 30 April 2025 via Zoom.

SCCI was represented by President Dato Sri Abg Haji Abdul Karim bin Tun Datuk Abg Haji Openg, Honorary Secretary Mr Albert Tang, and Honorary Treasurer Ms Anne Kung.

Discussions focused on the current global trade and economic outlook, including major geopolitical developments, climate-related impacts, and their implications for Sarawak's growth ambitions, investment landscape, and policy responses.

SCCI 75th Annual General Meeting

The Sarawak Chamber of Commerce & Industry (SCCI) has just concluded its 75th Annual General Meeting, held on 11 June 2025 at BCKK, Kuching.

We extend our sincere thanks to all members who attended and supported the event. SCCI thanks outgoing President Dato Sri Abang Haji Abdul Karim bin Tun Datuk Abang Haji Openg for his leadership, and warmly welcomes Datuk Philip Ting Ding Ing as the new President. We look forward to working with the newly elected committee for the 2025–2027 term as we continue championing the Sarawak business community.

June 11, 2025

Appreciation Dinner in Honour of SCCI Former President

We bid a fond farewell to our former SCCI President, Dato Sri Abang Haji Abdul Karim bin Tun Datuk Abang Haji Openg, who officially retired at SCCI's 74th Annual General Meeting on 11 June 2025.

To commemorate his remarkable 32 years of dedicated leadership, an Appreciation Dinner was held that same evening at the Sarawak Club Kuching. The event was well attended and filled with heartfelt tributes, cherished memories, and deep gratitude.

Thank you to all members who joined us in making it a truly memorable occasion.

August 18–21, 2025

SCCI Townhall Sessions across Miri – Bintulu – Sibü

SCCI TOWNHALL SESSION @ MIRI

SCCI TOWNHALL SESSION @ BINTULU

SCCI TOWNHALL SESSION @ SIBU

The Sarawak Chamber of Commerce & Industry (SCCI) held its Townhall Sessions from 18–21 August 2025 in Miri, Bintulu, and Sibü, under the theme "Your Voice, Our Future." These sessions provided a platform for members to share their views and raise issues affecting the regional business landscape.

Datuk Philip Ting, the newly appointed SCCI President, shared his vision for the chamber and outlined key priorities moving forward. He invited members to reflect on what they believe the purpose and mission of SCCI should be, emphasizing the importance of member input in shaping the chamber's direction. He also assured attendees that their suggestions would be brought to upcoming committee meetings, reaffirming SCCI's commitment to better serve its members.

The sessions included constructive dialogue and exploration of local business opportunities. Members had the chance to network and exchange ideas, contributing to a better understanding of shared challenges and potential areas of collaboration.

Sept 03, 2025

Dinner with the British High Commission Kuala Lumpur

The Sarawak Business Federation (SBF) President, Dato Sri Abg Haji Abdul Karim bin Tun Datuk Abg Hj Openg, together with Dato Ir. Sr. Alex Ting, Honorary Secretary of the Sarawak Chamber of Commerce & Industry (SCCI), attended a dinner with H.E. Ajay Sharma, the British High Commissioner on 3 September 2025 at Hilton Hotel, Kuching.

Discussions focused on potential collaborations in education such as law, IT and skills training, as well as in agriculture, green energy with Japanese partners, and the promotion of tourism and native arts and crafts in the United Kingdom.

Sept 27, 2025

AI Made Simple, Practical Skills for Older Adults Workshop

The “AI Made Simple, Practical Skills for Older Adults” workshop was held on 27 September 2025 at Swinburne University Kuching, organized by Swinburne University. Brought to SCCI members as part of our commitment to strengthen and empower them, the initiative introduced AI in a simple, interactive way tailored for older adults—showcasing practical tools, fostering intergenerational learning, and promoting lifelong digital engagement.

COMMERCE & INDUSTRY

NON-PREFERENTIAL CERTIFICATE OF ORIGIN (NPCO)

WHAT IS CERTIFICATE OF ORIGIN?

The Certificate of Origin (CO) is a document that confirms where goods were grown, produced, or manufactured. It is needed for exporting to certain countries, when requested by the consignee for customs clearance, or if specified in a letter of credit. There are two main types of CO: Preferential and Non-Preferential. SCCI is authorized by the Ministry of International Trade and Industry (MITI) to issue CO for goods exported to any country in the world. SCCI issues only Non-Preferential Certificate of Origin (NPCO).

WHO CAN APPLY?

SCCI members who are manufacturers, exporters or traders and must be registered with Suruhanjaya Syarikat Malaysia (Companies Commission of Malaysia).

WHAT IS THE PRODUCT CRITERIA?

- Manufactured in Malaysia and use 100% local content
- Manufactured in Malaysia through a transformation process which changes the tariff code classification at six (6) digit level; and
- Contains at least 25% local materials

SARAWAK CHAMBER OF
COMMERCE & INDUSTRY

APPLICATION FOR

BEMC GROUP

Press Metal Striving to be the BEST

BUSINESS

Business is crucial to Press Metal's success by driving growth, ensuring profitability, enabling innovation, respecting all stakeholders, and maintaining a competitive advantage.

ENVIRONMENT

Press Metal achieves organizational success by promoting growth, profitability, and innovation, while minimizing environmental impact through sustainable and responsible practices.

SOCIETY

Respecting and supporting society by fostering trust, social responsibility, and long-term sustainability is a key pillar of all Press Metal's operations.

TALENT

Identifying key talent and fostering their growth is vital for Press Metal's sustained business success, innovation, leadership continuity, and competitive advantage.

PRESS METAL Striving to be the BEST

Press Metal Aluminium Holdings Berhad is the largest integrated aluminium producer in Southeast Asia, whose subsidiaries include Press Metal Bintulu Sdn Bhd and Press Metal Sarawak Sdn Bhd. Press Metal Bintulu Sdn Bhd is a proud member of the Sarawak Chamber of Commerce and Industry (SCCI) and shares common values such as creating more business opportunities, supporting entrepreneurship, and fostering business partnerships that benefit all stakeholders.

Aluminium is a versatile, durable metal used daily in everyone's life. Press Metal is a leading regional producer of valuable aluminium products, and in doing so, provides considerable benefit to the state of Sarawak and the many local people that it employs. Our products serve numerous industries around the globe, including those involved in infrastructure, transportation, construction, and consumer sectors.

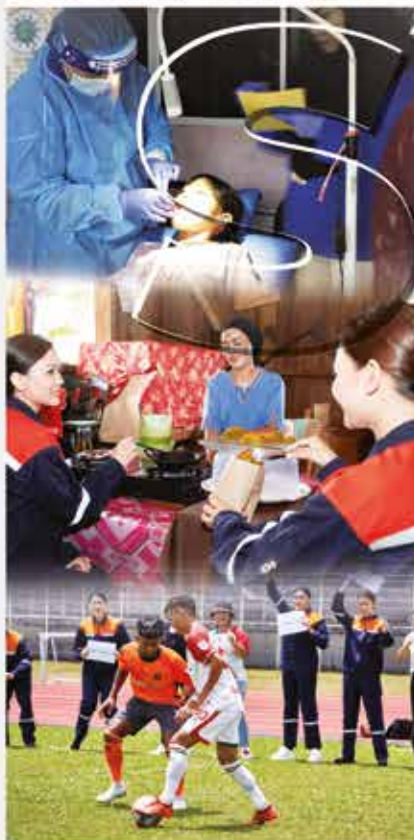

Sponsorship of two portable x-ray machines to Bintulu Divisional Health Office

Participation at Iam Berambek Anak Sarawak 2025

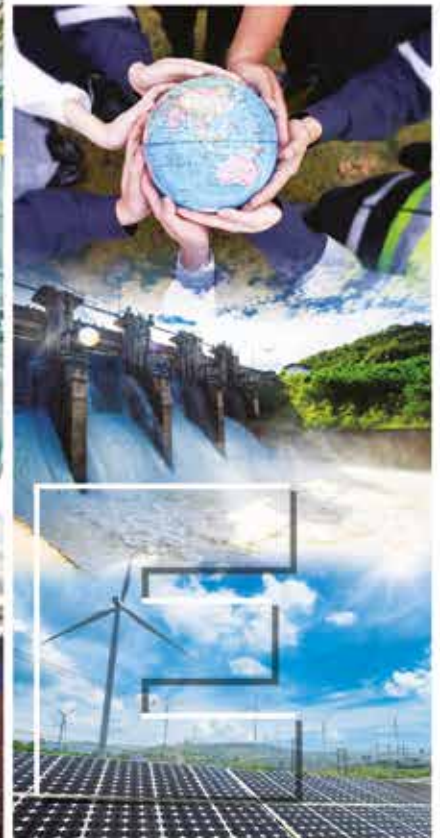

Sponsorship of Kuching City Football Club

The company's success is driven by internal motivation and strong partnerships. Its future is dependent on effective collaborations with employees and all stakeholders, including suppliers, customers, and the local communities in which it operates.

Press Metal has achieved success by focusing on growth and innovation while embracing responsible and sustainable practices to minimise its environmental impacts.

Our mission is to strengthen our operations in four core areas –

Business, Environment, Society, and Talent (BEST).

In a constantly evolving world, we believe each pillar plays a vital role in addressing challenges, maintaining harmonious community relationships, and ensuring ongoing sustainable growth.

SPB

CORPORATE PROFILE

Sarawak Plantation Berhad ("SPB") was incorporated in Malaysia on 28 October 1997 as a private limited company under the name of Sarawak Plantation Sdn. Bhd. and commenced business in the same year. SPB was converted into a public company on 1 February 2000 and assumed its present name.

The Group is principally engaged in the cultivation and processing of oil palm into crude palm oil and palm kernel. Other businesses include seed production, cattle integration, laboratory services, marketing services and property investment.

SPB is one of the pioneer players in the oil palm industry in Sarawak. Currently the Group has a total land bank of 42,166 hectares ("ha") and 412 ha under a joint venture development with a government statutory body. The total plantable hectareage is around 36,232 ha.

The Group also owns and operates 2 palm oil mills with a total operating capacity of 140 metric tonne per hour ("mt/hour"), located at Niah and Mukah, respectively.
